

# 666 Beautiful Reasons to Boycott satanic jews & Hollywood!

Welcome to GG #666! If you’ve wondered how to best and easily prime someone with the truth about the jewish deception, this is it! Atheists, agnostics and folks from all religions alike will find interest and *revelations* in the facts herein which have been intentionally withheld by earths’ oldest rulers for millennia. GG readers know *Confusion, Division & Fear* are the key states of mind required to oppress the masses. Each part will be clearly demonstrated herein with yet another smoking gun of irrefutable proof we’ve all been lied to our entire lives by masonic jews and their synagogue of satan, or “**SS**”. Ask yourself, how many zillions of times have they used religion and their media to subject you to the idea that 666 was evil? Well, get ready to embrace the fact that 666 is *all about the creator God and our world!* *IT’S DIVINE!* Rev 13:18 “*This calls for wisdom. If anyone has insight, let him calculate the number of the beast, for it is a man’s number. His number is 666*”.

EVIL 666  
NUMBER OF THE BEAST

**Let’s begin w/some 6s found everywhere like the Golden Ratio;**

The “**Golden Ratio**” is a math term describing a ratio of 1 to 1.618 commonly found in all of creation. Here’s a visual;

Start with one rectangle, drawn to a ratio of 1 to 1.618. If you draw a line inside it to form 1 perfect square, the remaining rectangle will have the same ratio as the outer one. You can keep doing it over and over, downwards to upwards to infinity.

Look at the spiral shape formed by following the line to the opposite corner of each square as it goes clockwise:  
Art using this ratio is the most pleasing to the eye because it's found throughout nature in flowers, fruits, veggies, pine cones and even the human face, hand, body etc. It's everywhere and always makes a "six".

As all GG readers are aware, *EVERYTHING IS A LIE* and 666 is arguably the biggest and most damning one of all for lying **SS** jews. 666 is NOT evil!!! We're just going to take a look at all the beautiful 6's in our world they have withheld knowledge about so we couldn't unite behind one nature, one world and one wondrous thing we all have in common with our creator, what/whoever that may be. We've all been robbed of this amazing proof of the handy work while being treated as Goyim pawns and servants. The idea that 666 is evil was originally conditioned into us by satanic jews starting with their bible and furthered by their media, especially Hollywood. Our creator, if there is one, you be the judge, loves 6s! The ancients knew it which is why they put 60 seconds in every minute and 60 minutes in every hour. This becomes clear when you ditch the zeros like they did to get a 66 for every day of our existence. Oh, and 24 hours is  $2 + 4 = 6$ . So that's a total of 666 for every day of our lives! Evil 666 every single day forever? Really? Nah, it's all just more satanic jew BS designed to avert us from the most sacred knowledge on earth. 6, 66 and 666 turns up in all kinds of measurements for our world. So many times you'll soon wholeheartedly agree it's not a coincidence, nor did it ever have anything to do with evil. Once again we're only scratching the surface of a completely different reality and we think this GG edition alone is worth more than all the jew published books you've ever read. Here it goes in a few pictures for starters;

So, that’s kind of interesting huh? Next we delve into the the meatier portion of things. Like the seconds, minutes and hours of our 666 days, 6 is embedded into mathematics to such an extent, it’s hard to believe everyone with any sort of a degree in math wouldn’t have noticed at least some of these major “coincidences”. **We begin with  $6 \times 6 = 36$**  or in the literal sense “*Three Sixes*” **666**. And look at the sum from adding the first **36** natural numbers;  $1 + 2 + 3 + 4 + 5 + 6 + 7 + 8 + 9 + 10 + 11 + 12 + 13 + 14 + 15 + 16 + 17 + 18 + 19 + 20 + 21 + 22 + 23 + 24 + 25 + 26 + 27 + 28 + 29 + 30 + 31 + 32 + 33 + 34 + 35 + 36 = 666$  ! And guess how many characters we have in our alphabet and numbering systems used to describe quite literally everything . . .

A to Z = **26** & 0 to 9 =**10**,  $26 + 10 = 36$ ! **3-6s! 666!**

### Page 1

- $1 + 2 + 3 + 4 + 5 + 6 + 7 + 8 + 9 + 10 + 11 = 66$
- And 987654321 as  $9 + 87 + 6 + 543 + 21 = 666!!!$
- The same is even true with Roman numerals, not counting the M which is 1,000;  $I + V + X + L + C + D = 666!!!$
- $3^6$  minus  $2^6 + 1^6 = 666$  ( $729 - 64 = 665 + 1 = 666$  )
- The 1<sup>st</sup> 7 prime numbers squared ( $2^2 + 3^2 + 5^2 + 7^2 + 11^2 + 13^2 + 17^2$ ) or ( $4 + 9 + 25 + 49 + 121 + 169 + 289$ ) = **666**
- **6** is the 3<sup>rd</sup>, **66** is the 11<sup>th</sup> and **666** is the 36<sup>th</sup> “triangular number” which just so happens to be the largest one of such to infinity that’s made up of all the same digit, **6!**
- **666** is a “Smith” number which means it’s sum of **18** is equal to the sum of the digits of prime factors ( $2+3+3+3+7 = 18=(6+6+6)$ )

- To top that off let's take a peek at *Prime Decade Quadruplets* the first of which is 11-13-17-19, the next 101-103-107-109 and so it goes in seemingly sporadic nature to infinity. The thing is, guess how many of said quadruplets one stumbles upon while counting up to exactly one million? Yep, **666!!!**
- The Internal Revenue *Services*' Code #**666** requires everyone to take the **S**ocial **S**ecurity mark (And you recall what **SS** is right?)
- Every person in the world has been assigned an 18 digit tracking number in the BEAST computer in Brussels Belgium. It consists of **3** groups of **6** numbers, there's a **666**, and the first 3 numbers assigned to everyone as their United Nations ID **are 666!**
- "VISA": 'VI' is the number 6 in the Roman numerals, 'S' is the Stigma in the Greek culture whose value is 6, and the 'A' in the Babylonian culture is 6 ... i.e, VISA = **666!**
- **6x6x600** = 21,600, the number of nautical miles around the Earth.
- **6x6x60** = 2,160 the precise number of years to pass through one sign of the zodiacal procession of the equinoxes.
- Humans have 2 feet with 33 muscles each for a total of **66**
- The number of 1/2 turns in a full sequence of Human DNA is **66**
- Light travels around earth **6.66** times per second!!!
- Earth's Orbital Velocity is **66,600** miles per hour!!!
- **.666°** Celsius = **33°** Fahrenheit at which temp sound travels **332** meters/sec AND **1,089** Feet/Sec, the Square Root of **1,089** is **33!**
- And let's not forget that ice begins to melt at **33°** f
- Nor that the human spine has **33** vertebrae
- While reading this remember it's proof of a criminal conspiracy.
- There were 7 buildings that made up the WTC with heights of 1,776, 1,270, 1,155, 975, 743 and 741 added together = **6,660** (*Now you know it was planned and built by jews to come down*)
- Sine of **666** = -0.**80901699** which is half of negative pi, or as some say, anti-pi! 0.**80901699** is also the cosine of **216** or **6x6x6**
- The Dewey Decimal system number for "Numerology" is 133.335 which reversed is 533.331, add them up to get **666.666**
- **666** Sine (radians) = 0.0**1764**16458 and **1764** marked the start of the American Revolution!
- **Carbon 12** is everywhere as a base requirement for life which of course includes us as Carbon Life Forms. It has **6** electrons, **6** protons and **6** neutrons for **666**. It also just happens to make up **99%** (**66** inverted) of all carbon on/in earth and is **18%** (6+6+6) of our atmosphere! It's also the **6<sup>th</sup>** Element and has an atomic weight of **12** for another **18/666!**
- Count how many types of holes there are in your body!
- The letter "W" in American Standard Code for Information Exchange" (ASCII) breaks down to a value is 6 so, **www** is **666** as in..... **www.what-the-hell-is-up-with-that.com** ?

- One of the best approximations to get to Pi using division is  $355/113 = 3.1415929$  Pi!  
If you flip either 355 or 113 and add them together you get this;  $355 + 311 = \mathbf{666}$  or  $553 + 113 = \mathbf{666}$

Hooaha! Having fun yet? Don't you wish you would have been taught all of this in school, that God and ancients loved 6s? It's as if they were trying to match nature or something isn't it? The ancients who made our time, alphabet and numbering systems knew all about this amazing peculiarity. Do you think our satanic leaders know about it? Or would they just lie like rugs some more and have us believe it's all a giant coincidence? **WE'RE ONTO SOMETHING HERE!!!**

- 2s, 4s, 6s and 8s;  $222 \times 12 = \mathbf{2,664}$ ,  $444 \times 6 = \mathbf{2,664}$ ,  $666 \times 4 = \mathbf{2,664}$  and  $888 \times 3 = \mathbf{2,664}$  (note that's **4 2,664's**) and;
- $\mathbf{2,664} + \mathbf{2,664} + \mathbf{2,664} + \mathbf{2,664} = \mathbf{10,656} > 1 + 6 + 5 + 6 = \mathbf{18}$  or **666** and  $\mathbf{10,656}/6 = \mathbf{1776}$ , the final year of the American Revolution. **1776** was also when jew Adam Weishaupt founded the political branch of jewish occultism naming it the Illuminati!
- And interestingly **666**o inches equals 555 feet (555 = death)
- One could find amusement imagining stinky, hairy little jews and gypsies jumping up and down in celebration while screaming each time they discovered any of these links and calculations to numbers with **666**. They've withheld this information/knowledge from you because they're greedy, small minded control freaks who like to imagine they're smarter than everyone else. **WORD!**
- In ancient times **6** stood for 1 inch and the ruler was created from the sexagesimal multiples thereof. I.e.; 6, 12, 18, 24, 30 and the 6<sup>th</sup> number is 36 which in inches is one yard of distance and add another 36" to get a square yard and another 36" for 1 cubic yard so that's  $6 \times 6 \times 6$  or **666** in sexagesimal measure

We've discovered the number **6** has been used against us in our menial slave work with feet and yards, our time with minutes, hours and days at work and now for the costs of our goods as seen on the barcode. UPC (Universal Product Code) barcodes really do include the **666** bars as shown below. In "Bar Code Speak" the number 6 is displayed by two bars of unique width and spacing, Hey that's an 11! Well of course it is and 666 is 11-11-11! As with all UPC codes, the "11s" which make 6s can also be inverted as 2 white lines with 3 black spaces (bar code scanners don't care). So, everything we buy is evil. There goes jewish spawned consumerism! *(At least that makes tons of sense)*. Satanic jews have had all kinds of fun at our **expense**.

11 11 11 Equal 666 to Bar Code Readers On Every Item You Own. GO LOOK!

Again, recall the cube worshipping on the back of #112? There are **6** directions in our 3 dimensional world beginning with **N**orth, **E**ast, **W**est & **S**outh (NEWS) plus up and down. The cube holds **6** perfect pyramids (the same as the star of David) with the base of each

facing these directions and the points converging at center of the infinitesimal.

Now let's have a look at some closely related numerical friends of **666** which when added together like this; **6 + 6 + 6** all return the same sum of **18**. As we continue, please keep in mind the digits in every single number in **bold red text** below all add up to **18** (the sum of **6 + 6 + 6**). And like **18**, each of them themselves are also divisible by **6**!

$$\mathbf{144} > \mathbf{14} + \mathbf{4} = \mathbf{18} \text{ or } \mathbf{6} + \mathbf{6} + \mathbf{6}$$

- **144/6** = 24, as in 24 Hours per Earth day
- The temperature on Earth fluctuates **144**° Celsius
- One square English foot has **144** square inches
- Each of the **13** Mayan Baktun is **144,000** earth days
- The Outer Mantle of the Great Pyramid at Giza was made up of **144,000** 15 ton (1+5 = **6**) “casting stones”
- Light travels **144,000** minutes arc per second around earth
- Just for fun let's see what happens with; **144 x 144** = **20,736**, sure enough, there's exactly **20.736** inches in **1 Egyptian Cubit**
- The Chakra is represented by 7 Lotus Flowers the 1<sup>st</sup> w/4 petals, 2<sup>nd</sup> 6, 3<sup>rd</sup> 10, 4<sup>th</sup> 12, 5<sup>th</sup> 16, 6<sup>th</sup> 96 and 7<sup>th</sup> 1,000. All tallied 1,**144**
- What happens if we take **144 x 18**? We get **25,920** years it takes earth to make 1 phase of precession!
- Let's not overlook there are also **1,440** minutes/day and;
- **1440** minutes divided by **216** = **6.666666666...**and;
- AM/PM each have 12 hours, 12 x **144** = **2160**

## Page 2

$$\mathbf{216} > \mathbf{2} + \mathbf{16} = \mathbf{18} \text{ or } \mathbf{6} + \mathbf{6} + \mathbf{6}$$

- **6<sup>3</sup> or 666** as **6 x 6 x 6** = **216** So, this'll be *good*;
- The “Imperial” measurement system is 12” = 1 foot, 3’ = 1 Yard, 5’ = 1 Pace, 125 Paces = 1 Furlong, 8 Furlongs = 1 Mile and 12 Furlongs = 1 League. 12 x 3 x 5 x 125 x 8 x 12 = **216,000**
- **216** is the average number of bones in the human body when nearing puberty (Most go down to **206** as some bones fuse w/age)
- The all-important zodiac relies upon 12 – **2,160** year cycles between “signs”. The last one occurred on 12/21/2012 when we moved into the constellation or “*age*” of **Aquarius! A once every 2160 year event that satanic jews fully celebrated without you!**
- The moons’ diameter is **2,160** statute miles

- The diameter of earths' core is **2,160** statute miles
- Earths' polar circumference is **21,600** nautical miles
- Sun to Earth Distance is **216** times the suns radius
- Suns' speed relative to galactic center is **216,000** mph
- Sound moves at **216,000,000** inches/hour in H<sub>2</sub>O
- There are **216** cubic feet in one cubic fathom
- Half of **216** is **108** and the speed of sound is **1080** fps
- The distance from the Sun to the Earth is **108** times the suns diameter which is **108** times that of Earth!
- And; **108** x 8, **144** x 6 and **216** x 4 all equal **864**

$$\underline{864 > 8 + 6 + 4 = 18 \text{ or } 6 + 6 + 6}$$

As we covered, there are **60** seconds, **60** minutes and **24** hours in every day, and  $2 + 4 = 6$  for **666** every day of our lives. Digging deeper into  $60/60/24$  we find this;

- $60 \times 60 \times 24 = \mathbf{86,400}$  seconds/day and;
- $\mathbf{8,640} \times 3 = \mathbf{25,920}$ , the # of years of Precession (**33%**)
- So,  $1/3^{\text{rd}}$  of a precession is **8,640** years and **BONUS**; if we go back that amount of time from **12/21/2012** we land in 6,627 BC, **6,660** years prior to Jesus Dying! \*  
BONUS; Jesus = "Yehoshuah" and in Hebrew Gematria, "Yehoshuah" = **660**
- Guess what our suns' diameter is; **864,000** miles!
- It takes **864** months for earth to move through  $1^\circ$  of the zodiac
- The "Dwapara" is an ancient measure of **864,000** yrs
- **864** is;  $8 \times 6 = 48$  and  $48 + 4 = 52$  weeks/year
- $\mathbf{864}/24 = \mathbf{36}$ , earth rotates **360** degrees every 24 hours
- And of course another favorite for us is;  $\mathbf{864}/\mathbf{144} = \mathbf{6}$
- Also;  $\mathbf{864}/12 = 72$  and  $72/6 = 12$  months in a year
- And what about  $\mathbf{8} - \mathbf{64}^{\text{ths}} = 1/8^{\text{th}}$  which looks like 18 and of course 18 is  $6 + 6 + 6$ , or **666**.
- 18 also relates to 6 due to  $1 + 8 = 9$  which when rotated is 6
- $\mathbf{864} \times 30 = 25,920$  Earths precession period again!
- 2- 5:12 Triangles (Pythagorean Triples) laid together make what's known as the Jerusalem rectangle. If said rectangle measures a true 5 x 12 feet, the area is **8,640** square inches.

And for our next *God number*;  $\mathbf{864} + \mathbf{864} = \mathbf{1,728}$

$$1,728 > 1 + 7 + 2 + 8 = 18 \text{ or } 6 + 6 + 6$$

- The Sun's Diameter **864,000** divided by **1,728** = exactly **500**!
- Low and behold light emanated at the sun's horizon takes **500** seconds to travel to the Earth! And what really makes this even more special is **500** in the Greek numeral system represents Pi !
- **1,728/6** = 288, "the unmentionable number" (because it's "TWO gross" 2 x 144) 😊  
But seriously;  $2 + 8 + 8 = 18$  or **666**
- As the Mayans *were curiously able to figure out*, it takes the earth 365.2422 days to revolve around the sun. Disregard the .2422 for now. First let's use the 65 portion of 365:  $6/5 = 1.2$
- 3 as in **1.2** to the **3<sup>rd</sup>** power ( $1.2 \times 1.2 \times 1.2$ ) = **1.728**
- There's **1,728** cubic inches in a cubic English foot! And;
- **1.728** feet just so happens to be exactly **1 Egyptian Cubit**
- So, 1 Egyptian Cubit is **20.736** English Inches, ie (**1.728** x 12 = **20.736**) and once again this number  $2 + 7 + 3 + 6 = 18$  or **666**
- *Oddly similar to the metric system*, Egyptian "Hyper Cubits" are 10 regular cubits which equals **17.28** English feet!
- The Polar Radius of Earth just so happens to be a nice and tidy sum of 10,000,000 **Egyptian Hyper Cubits** which is also **3,456** **Egyptian Royal Miles**!
- Well, **1,728 + 1,728 = 3,456** and of course that is  $3 + 4 + 5 + 6 = 18$  or **6+6+6**
- And look what happens when we use these 2 God numbers; **144 x 1,728 = 24,8832**  
Crap, what are the odds, that the Earth's meridian circumference is **24,883.2** miles!  
Off we go Toto!
- **1728/144** = 12, the number of months in a year
- The "Satya Yuga" was an ancient measure of **1,728,000** years

There's a lot of other interesting things this author has found including the fact that David Allender = **666** in Gematria! (More on that in #119) We could go on for some time in this manner, but in the spirit of simplicity we'll end this part with a few more examples of how the creator loves 6s. This time in the form of six sided/parted objects like the "HEX"-agon which the Star of David fits in. Also note how 6 circles fit absolutely perfectly within it;

The bottom line is we’ve calculated the *Number of the Beast* and found that sixes and the most important multiples thereof are used everywhere in our world in obviously predominant manners. **This is absolute, irrefutable proof we have all been totally lied to by the same satanic jew pukes that told us things like disease, hunger, war and financial collapses were all just matters of happenstance. Can you say “Bullshit”, NICE AND LOUD!!!** Also, these amazing and unexpected discoveries provide clear evidence for wonderment of why *whoever* made our Sun, Earth and Moon exacted all the relative sizes positions and speeds to revolve around sixes. As quoted in the header of this issues tab **“Numbers Don’t Lie”**, we can trust this info because it’s straight up numerical facts and provides overly apparent proof that God or whatever you call that which **obviously made and positioned everything in our lives, loves 6s!** That’s a pretty big discovery wouldn’t you agree? **666 is a divine number and we’ve all been conditioned to think it’s evil!** *How’s that for a totally classic satanic*

M

*ind f\*\*k?* Considering that you now have absolute proof of a “conspiracy” in that 666 has been used to slap us all in the face and make us look like idiots by murderous, lying, criminally psychopathic satanists, do you agree it’s time for justice?

IT IS NOW OVER. THE SATANIC JEWISH "CONSPIRACY" IS NO "THEORY". Welcome to The End of the Reign of the Most Condescending, Racist, Deceitful, Murderous and Hateful Group of "things" to Have Ever Walked the Earth!

Dear Reader, There are NO COINCIDENCES in these regards and anyone who tries to tell you otherwise is a satanic liar. Each and every incidence of the use of 6s in our world by man, is nothing short of a slap in your face by mentally sick and evil, satanic twits. No group of people in their right minds would be able to carry out this brazen campaign of deception and relentlessly callous mocking against the men and women of earth without being worthless, traitorous, hateful and inhuman "things," which is how 1,000s of writers across history have accurately described them. This is a gift from me to you and it is hoped this irrefutably truthful issue of the GG will speak to ALL. Please use it to awaken your fellow countrymen & women from the % illusion. Wake Up Everyone. Everywhere with this issue of the Goyim Gazette! Shine this light! Tell everyone you know that satanists claiming to be Christians, Muslims, Atheists and Jews are murderous lying EL-ites who are mocking us all and that remaining deceived by them will result in YOUR early death, physically and spiritually. The New World Order is Real and if you don't fight for good right now, earth will wale and YOU WILL DIE a cowardly, needless death. So, follow or lead but come along now, support yourself and loved ones with everything you've got just as we have. This is YOUR revolution and future. *It's Time!* Sincerely, David Allender © 2014 The Goyim Gazette

Well done!!! And as stated in the article, this is only the tip of the iceberg, while nothing as complete as this, I've come across a fair amount of other stuff on sixes and 666 throughout my life. Secrets in plain site has some good stuff too. It's obvious they truly are centric to all of creation and this issue does a fine job of proving we've been lied to by dejuden for millennia. It also proves that whoever wrote the bible with its' 66 books, Solomons' 666 pieces of gold and the 666 number of the beast, knew of this amazing phenomenon! We now have solid, irrefutable proof of highly advanced intelligence being involved in the writing of the bible as well as intelligent creation of our world! This is KILLER, KILLER, KILLER!!! Thank you God!!! (and the creators of this of course)

So, that's it huh? God and ancient "others" are real! This is so blatantly simple and obvious, it's almost hard to believe. No wonder you can't find anything about this miracle of 6s on the jewish internet.

I just re-read the whole thing and this is definately irrefutable. There's zero room for error or doubt. There is a creator (or re-creator) and it loves 6s! I read something a long time ago about sexigecimal numbering being the basis for all of our measurements and this brings that to light perfectly. Goliath, the giant who David killed had six fingers and toes. I also recall some reports on the findings of 6 fingered/toed mummies and skeletons which have been obfuscated/removed from public view. 6s and multiples thereof are everywhere. Think about it, 12 months, 12 apostles, 12 zodiacs, a dozen of this or that, 24 hours, 60 seconds, 60 minutes, the Arabic numerals 0-9 and the Latin letters A-Z total 36, 36 is the number of degrees in the interior angle of each tip of a regular pentagram, 360 degrees for a circle (or  $6 \times 6 = 36$  without the zero which ancients didn't use), 36 inches in a yard and etc. We've been played alright. It's nice to know! Priceless actually.

Yep, from wikipedia; Jewish tradition holds that the number 36 has had special significance since the beginning of time: According to the Midrash, the light created by God on the first day of creation shone for exactly 36

hours; it was replaced by the light of the Sun that was created on the Fourth Day.[4] The Torah commands 36 times to love, respect and protect the stranger.[4] Furthermore, in every generation there are 36 righteous people (the “Lamed Vav Tzadikim”) in whose merit the world continues to exist.[4] In the modern celebration of Hanukkah, 36 candles are kindled in the menorah over the 8 days of that holiday not including the shamash candle. (whatever the f that is)

They’re trying to get everyone not to believe in YHWH who is our God. They want us all to go to hell with them! This fits perfectly with the comic here about the billboard in Utah (or wherever that was) and the Time magazine with the “Gods Dead” title. You can also begin sifting through all your memories of jewish assholes like Bill Maher, Woody Allen, Bill Gates, Adam Corrola and ect. others popularizing Aethism in the media. I recall the kike Einstien voiced his opinion as such often too, try telling me he didn’t know about all the mathmatical 6s! When you couple that with all those other jewish assholes flaunting the 666 handsigns and popularizing 666 evil tatoos, it get’s to be a bit much. These bastards are evil pieces of crap and I’m sick of them.

Thank you Rick!!! This jewish deceit and mocking is FUCKING EVIL. We could all have been united behind these fascinating truths about our world and our creator. We could have learned about this early on in gradeschool and EVERYONE would have been into it, big time! These kind of truths about our world and lives are truly awesome. Now we have to find out about them in the worst of circumstances, after being lied to by jews for our entire lives. It’s disgusting. But on the other hand, it’s over. The days of the kike are nearing an end. Hep, Hep, Hooray!!! (The exclamation used by millions of Europeans after outing/killing jews)

I think you’re right about that David. I just tried posting a link to this over at stormfront where I’ve been a member for 6 years and they blocked it then shut down my account! So, it’s obvious that site is jewish like I’ve always suspected, seems

they're getting a bit nervous eh? Well, that's all I needed to know you guys are for real. This really is great stuff, highly original and unique. I guess that says it all too. Thanks buddy, you've got a real follower here. And it just so happens I'm down south from you a bit near Ephrata, WA. You've got my email, feel free to use it if you'd like to get together. I go up to Chelan several times per year too. Anyway, thanks for all of this. Good job.

Sure thing BigWhiteDick. BTW; I'm not a white supremecist but that's one hell of a funny username!

Aside from dekiiken, I'm not racist either, I got into stormfront because I was invited by some friends in Idaho. It was a fun place to communicate and learn about jewry, then I got fascinated with the race issue between blacks and whites which of course has been enflamed and popularized by jews. (They hate blacks, especially Ethiopians, because they're the original Israelites from the tribe of Judah while the "jews" themselves are the reddish/white spawn of of Esau/Edom that God proclaimed His hatred for while in the womb with Jacob!). This is some serious psy-ops we have going on here but I can see the end is nearing, you can't stop the truth or God!!!

Here's some more properties and symbolism's of the number 666 from others, while reading this please recall why 666 has been secretly embraced by jews while outwardly villainized by them to make this divine number seem unsavory or even evil. They don't want us "getting to know" our God or any of the miraculous signs he's left for us.

According to Rev 13:18 the number 666 is the name of a man and this name, indicated by this number, is the name of the 2nd beast from the end times prophecy spoken of in 3 books found in the New Testament; Ezekiel, Daniel and Revelation. The 2nd beast is a primary servant of God who works directly with the messiah to bring scum to judgement while ushering

mankind into the new age of Aquarius. Men are “Beasts”, according to jews (and “others” (as in aliens) I predict).

Anyone who wants to be with God be “those who hath wisdom to calculate 666”, they will then follow the man with the divine sign 666, the double or mirror of Gods’ presence on earth being representing in symbolic by 2 times 333 since 333 indicates the divinity and the mystery of God.

666 is the symbol of Gods’ power in the “divinized” State.

THERE HAVE BEEN MANY, MANY DISCUSSIONS BY JEWS ABOUT 666 BECAUSE THEY’RE FASCINATED WITH “THE ONE” WHO IS PROPHESED TO ELIMINATE THEM FROM THE FACE OF THE EARTH! IF THAT’S DAVID ALLENDER OR SOMEONE ELSE IT DOESN’T MATTER. ALL THAT MATTERS IS FOLLOWING/SUPPORTING ANYONE WHO’S FIGHTING EVIL, THAT’S A NO FRIGGEN BRAINER!!! BUT ESPECIALLY THOSE MARKED BY GOD WITH 666!!! (The key there is “FIGHTING EVIL AND MARKED 666”, Not just marked as so many satanists/jews falsely claim in their efforts to be close to the one truth God with whom they cannot and will not ever be!) Below is just a scratch into such discussions;

666 Represents the human Karma, in contact with the cosmic Karma and the divine providential balance, according to R. Allendy.

By bringing number 666 of the 18th blade of the Tarot,  $6+6+6 = 18$ , A. Bertet interprets that as the obscurantism, the black magic, the wandering of the man out of initiation.

Key-number of the life according to Abellio, because it is the result of the sum of the following numbers:  $123 + 231 + 312$ , orderly series, or  $132 + 321 + 213$ , disorderly series. It is the manifestation of the three terms of the Trinity, in the three plans: spiritual, animist and material (the water, blood and spirit).

In “The last waltz of the tyrants”, Ramtha says that this number is the one of gold. The number 6 is the one of the man who did not overcome his passions yet – the man having 6 members with the tail, 5 being the

number of the perfect man with his 5 members, the tail being left. The fact that the beast is associated to the number 666 means that the beast will use the gold to enslave the man having again his passions.

According to Paco Rabanne, it is the seizure of power of calculation on the language, suddenly private of its capacity to make emerge the being.

For Creusot, 666 marks a threshold where it is great time to turn away from the terrestrial world and prepare to enter in the spiritual world.

Symbol of the perfected nullity and the unkindness, because it is composed of three 6 and that the 6 is the symbol of the imperfection, the evil, the iniquity and the apostasy. According to the messages received by Don Stefano Gobbi of the Priestly Movement of Mary, these three six would mean the communist atheist, the freemasonry and the ecclesiastical freemasonry attacking the Church of the Christ.

For John Phaure, the three six of 666 of the Beast of the Revelation “expresses, among others things, the outcome of all possibilities of the sensitive manifestation, without the possibility to reach the Seven, that is to say to reintegrate the divine Center”. J.-J. von Allmen goes in the same way affirming that the 666 “means a triple repetition of the number 6, and therefore a refusal, by counting, to go until 7: the number of the man that does not want to enter in the intention of God and that glorifies himself.”

In “The Bible, numbered document”, Raymond Abellio proposes “to symbolize the multiplicity by a cone at the top of which would be God and that would turn while being inserted in the matter. It goes without saying that this view is imperfect, since the totality and consequently the Absolute can be conceived only in a perfected symmetry. But it concerns here only the Absolute seen by the man. The cone is a microcosmic structure, but identical to itself in all the macrocosm. Then let us put the number 37 at its top and suppose that the cone lengthens while being inserted and while turning. Its polarization by the space gives 307 whose reversal is precisely 703. There is here, exceptionally, equivalence, to near reversal, between polarization’s by the time and by the space. The difference 666 can then

be considered as symbolizing the volume of the cone, the whole of the material manifestation.”

## Bible

The number of the Beast of the Revelation, or Apocalypse. (Rv 13,18)

The 666 sons of Adonikam that returned to Jerusalem with Zerubbabel. (Ezr 2,13)

Weight of the gold in talents which arrived to Solomon in only one year. (1 K 10,14; 2 Ch 9,13)

In the Bible, Protestant edition, the book of Job is the 18th book with 1070 verses, whereas the last, book of the Apocalypse, contains 404 verses. Verses of the book 6+6+6 subtract from those of book 66 gives 666, that is to say 1070-404.

## General

This number, in the Revelation, is mentioned to the verse 18, chapter 13. And we can see that  $6+6+6 = 18$  and 13 represents the number of moons in an earth year and the number of weeks in a quarter.

To the biblical reference John 6,66 it is mentioned that several disciples left the Christ following his speech on the “bread of life”: “From that time many of his disciples went back, and walked no more with him.”.

The Beast of the Revelation would appear in the year 1999 (the year after 1998 which equals  $666 + 666 + 666$ ) since by reversing this number we obtain 6661, that is to say the number of the Beast opposed to the divinity. American Satanists had declared indeed that the year 1999 would be the year of the Beast. Revelation of beyond or human decision? True or false prophecy? Whatever, the year 1999 would become the last year of the time devoted to Mary. In fact, when the pope John-Paul II, and that from the beginning of its Pontificate, has announced the Jubilee of the year 2000, immediately in the different marian groups they have wished that the 15 years preceding the year 2000, be 15 years devoted to Mary, in double memory: the age of Mary which had 15 years when she has become the Mother of Jesus, and the 15 Mysteries of the Rosary – a Mystery per year, the year 1995 being the year of the Death on the Cross, the Calvary. The Holy Father

apparently did not make this calculation. On the other hand, under the inspiration the Holy Spirit, he decided that the year 87-88 would be the Year of Mary which would insert us to enter in Times of Mary. So it is a space of 13 years that separates the year 87, opening of this Time for Mary, of the year 2000. Thirteen years, it is the Sign of Fatima. Then we can think reasonably that it is the time of the last Combat when the Mystery (and the third Secret) of Fatima has to be unveil.

Some authors have advanced that the duration of the reign of the 2nd Beast would be of 666 months or 55.5 years. (555 = death, to the jews!)

According to Thibaut De Langres, this number, in the Latin manner to note the numbers, can be written by changing the order of letters: DIC LVX. These letters make in fact 666: DC LX VI. In this number, 6 designates the married peoples, 60 the continents, 100 the virgins. The disciples of the Antichrist will tell in fact that anybody, who did not offered the sixth fruit, the sixtieth or the hundredth to the Antichrist, will not be able to be saved. The weight of the offered gold brought to Solomon each year was 666 talents. This is what is due normally by the royal right, this great seducer will claim to require it. It misses to the number of the Antichrist to reach the number of the legion 6000.

In one of the messages of the Virgin Mary given to Don Stefano Gobbi, from the Marian Movement Priests, we can read: "666 indicated once, that is to say, for the first time, expresses the year 666, six hundred and sixty-six. In this period of history, the Antichrist (meaning anti-vatican which thrives solely due to the perpetuated faiths of the masses in the immaculate conception) is manifested through the phenomenon of Islam, which like judaism directly denies the mystery of the divine Trinity. Islamism, with its military force, breaks loose everywhere, destroying all the ancient christian communities and invades Europe and it is only through my extraordinary motherly intervention, begged for powerfully by the Holy Father, that it does not succeed in destroying Christianity and therefore the Vatican completely. 666 indicated twice, that is to say, for the second time, expresses the year 1332, thirteen hundred and thirty-two. In this period of history, the Antichrist is manifested through a radical attack on the

faith in the word (Parola) of God. Through the philosophers who begin to give exclusive value to science and then to reason, there is a gradual tendency to constitute human intelligence alone as the sole criterion of truth. There come to birth the great philosophical errors which continue through the centuries down to your days. The exaggerated importance given to reason, as an exclusive criterion of truth, necessarily leads to the destruction of the faith in the word (Parola) of God. Indeed, with the Protestant Reformation, Tradition is rejected as a source of divine revelation, and only Sacred Scripture is accepted. But even this must be interpreted by means of the reason, and the authentic Magisterium of the hierarchical Church, to which Christ has entrusted the guardianship of the deposit of faith, is obstinately rejected. Each one is free to read and to understand Sacred Scripture according to one's personal interpretation. In this way, faith in the word (Parole) of God is destroyed. The work of the Antichrist, in this period of history, is the division of the Church and the consequent formation of new and numerous christian confessions which gradually become driven to a more and more extensive loss of the true faith in the word (Parola) of God. 666 indicated thrice, that is to say, for the third time, expresses the year 1998, nineteen hundred and ninety-eight. In this period of history, jewish freemasonry, assisted by its ecclesiastical form known as the Vatican, will succeed in its great design: that of setting up an idol to put in the place of Christ and of his Church. (possibly the statue named "the resurrection" erected in the "throne room" of the Vatican in 1971) Hence completion of a false christ and a false church. You have thus arrived at the peak of the purification, of the great tribulation and of the apostasy. The apostasy will be, as of then, generalized because almost all will follow the false christ, jezeus and the false church, the Vatican. Then the door will be open for the appearance of the man or of the very person of the Antichrist who will destroy the great whore of Babylon and assist God in bringing all evil doers (jews) and those they've deceived to judgement! It is interesting to notice also that the number 666 is used 3 times in the Bible if we consider that the number of the sons of Adonikam is 667 and not 666, since there is contradiction from one biblical reference to another concerning this number.

A bishop in Lyon had already recognized in 666 the age of Noah at the time of the deluge, image of the final catastrophe, added with the dimensions of the statue of Nebuchadnezzar, type of the Antichrist.

The prophet Nostradamus speaks at the 66th quatrain of the 6th century (giving by concatenation 666) of the discovery of bones of the First Pope, Saint Peter. It is the Pope Pie XII who announced that the tomb of Saint Peter had been found after the request of his research.

The malediction word is used 66 times in the Old Testament and 6 times in the New Testament, giving 666 by concatenation.

In his “De praestigiis daemonum”, appeared in Bale in 1568, John Wier estimates “apart from calculation error”, the number of the demons to 7405926, divided into 111 legions of each 666 fiends.

At the time where the Revelation was written by the John the apostle, they believed that the Antichrist had to be one the Roman emperors since the addition of six of the seven Roman number gave 666:  $I + V + X + L + C + D = 1 + 5 + 10 + 50 + 100 + 500 = 666$ .

In New York, in the quarter of Manhattan, there is a skyscraper on which we see three gigantic 6 luminous. “666”, the number of the Beast of the Revelation. It is the “Tishman Building”, situated on the corner of 5th Avenue and 52th West Street ( $5 + 52 = 57$  or  $3 \times 19$ , the Qurans’ miracle number), neighbor the Rockefeller Center and the main studios of television. The number “666” appears to be the frequency of radiophonic waves (666 kHz) chosen by the first radio station. Paco Rabanne sees then in Hertzian waves a means of propaganda which will be used by the Beast and it’s lil jew helpers to deceive the masses, especially Christians.

Mark Lärmer, in his book “The circle of Veckner”, points out that the number of the Beast is also found in the numerical structure of the usual electronic keyboards, such as calculators, recording cases, remote controls, telephones keyboard, etc.

—NORTH—

—1 2 3—

WEST 4 5 6 EAST

—7 8 9—

---0---  
--SOUTH--

By doing the addition in each of the 4 directions (and by taking care to eliminate summations 1+4+7 and 3+6+9 of orientations NORTH-SOUTH) he obtains, by theosophical reduction:

NORTH EST SOUTH WEST

$9+5+1=15 \Rightarrow 1+5=6$   $7+8+9=24 \Rightarrow 2+4=6$   $1+5+9=15 \Rightarrow 1+5=6$   $3+2+1=06 \Rightarrow 0+6=6$   
 $8+5+2=15 \Rightarrow 1+5=6$   $4+5+6=15 \Rightarrow 1+5=6$   $2+5+8=15 \Rightarrow 1+5=6$   $6+5+4=15 \Rightarrow 1+5=6$   
 $7+5+3=15 \Rightarrow 1+5=6$   $1+2+3=06 \Rightarrow 0+6=6$   $3+5+7=15 \Rightarrow 1+5=6$   $9+8+7=24 \Rightarrow 2+4=6$

By concatenation, the result gives four times the number 666 in each directions. Like observed by Mark Lärmer, this numerical structure which allows us to calculate, to program, to buy, to sell and to withdraw money (that is, the computer) is in relation with the text of the Apocalypse of John where it is written that “And made it illegal for anyone to buy or sell anything unless he had been branded with the name of the beast or with the number of its name.” This Beast, personifying the devil or Satan himself, has always been considered as “the one who says always NO” (“NON” in French) to the achievement of the divine will. And if we dial “NON” (in French) on the telephone keyboard, we are surprise to press three times on the number 6.

The phone number connecting the president Nixon to Neil Armstrong, the first man to land on the moon, was 666 666.

The clairvoyant nicknamed “Bush of Thorns” had received the warning from the Virgin Mary, in June 1996, to no longer carry its digital watch because the number of the Beast would be visible (on 6th day of the 6th month of the year 96). It was suggested to her to replace it by a watch with a traditional one “because all the digital watch have been specially conceived for Maitreya. Each one has been programmed to receive a special signal and a beam from special satellites, to create a manipulators and subliminal sounds with the result that his voice could be transmitted everywhere. Also, during of the month of June of the year 1996, its number will be seen clearly and this equipment will be

used in multiples manners throughout the microwaves, throughout the television and the radio. (...) This is why My sweet dear little children should not carry these digital watches, since they no longer will be safe or reliable, because they are all programmed in advance to reply at the same moment when the time will be arrived to be known publicly as the Messiah.”

During his trip in Hungary, John-Paul II was in a registered car 666.

During the pontifical visit in the United States it was possible to obtain information about the itinerary and the hours of ceremonies using the phone number which included the number 666.

The bar's code of type “EAN” (SLB No10) incorporate the fateful number 666, easily locatable with its three groups of two bars longer than the others in the beginning, the middle and in the end. These are three identical numbers (since a bar is associated to a number) which are added to 13 functional digits. Each one having 6 as a value, they form a kind of claw numbering “666” which is superimposed on each bar's code.

In Italy, there is a mark of shoes 666, whose label is decorated with a head of lamb carrying two horns, inspired directly from the Apocalypse: “Then I saw a second beast, emerging from the ground; it had two horns like a lamb, but made a noise like a dragon.”

In China, a mark of shirt manufactured by Kerman Scoot Ltd, 40% polyester 60% cotton: 666.

In the United States, computer LSI (Lear Siegler, Inc.) are marked 666.

In France, a lemonade, bottling by Tresch-Alsacaves S.A. at 68110 Illzach: 666.

Some “pink messaging” have equally a phone number ending by 666.

In Orient, the paving stones of hashish carry sometimes the mark 666.

In Japan, the firm Suzuki manufactures the motor bike 666. And the publicity shows a registration plate having this number.

In Latin, 666 is pronounced: sex, sex, sex, illustrating well the perversity of our time.

A Philippine priest has been condemned of a fine in 1993 to have refused the registration plate having this number.

A priest living in Germany complained one day to the service of telecommunications that had given him a number of fax containing the number of the Beast; they changed it by another where had been inserted between two six the number 58 (giving 66586) where he recognized the year of the appearance of the Virgin Mary at Lourde, in 1858.

There exists a section of a turnpike going from Gallup (New Mexico) to Monticello (Utah) where it shows the number I-666. The residents of Utah have even constituted an association to make change this number. It is a narrow turnpike with full of curves on 300 kilometers where it occurs, apparently, several unexplained automobile accidents and also multiple assassinations.

At the great satanic feast that has taken place during ten days in February 1994 to Zurich officiated Abraxas Belzébuth, famous demonic that does not accept to rent in the great hotels if there is no bedroom number 666.

Raoul Auclair established that between the beginning of the famous Prophecy of Malachie, in 1143, year of establishment of the first Pontiff of the list, Celestin II, and the seizure by Napoleon on the States pontifical, until of which Pie IX was considered as captive, 1809, there is 666 years.

The pyramid of the Louvre is, apparently, covered with 666 panels of glass.

A gigantic computer is installed in Brussels on three floors of the administrative surface building the EEC. Itself, it is able to attribute a distinct credit card number to each inhabitant in the world. In 1993, the Dr Eldeman, analyst chief of the European Commission explained that it was realizable by using three data of six digits, 666, what confirms a very simple calculation. It is not without interest to notice that in Brussels, this computer is called "The Beast".

If we take, in the series of numbers, three successive number, for example 1, 2, 3 and that we combine them in all possible manners (three numbers can give place to six combinations) we have: 123, 132, 231, 213, 312, 321. By adding these six combinations, we obtains a sum: 1332. This sum, divided by the average number of the series (here the number 2) product 666. It would be similarly with the series: 2, 3, 4, or 3, 4, 5, or 4, 5, 6, or 5, 6, 7, etc.

R. Lafforest and J. Langlois, in their book “Signed: God”, speak about the flower having three six. This horticulture flower produced by the man, named rubrum, in the family of the liliaceous, having 6 petals, 6 stamens and a green star with 6 branches clearly printed on white background.

Raoul Auclair notices that the pact Germany-Soviet has lasted 666 days, of August 23, 1939 to June 20, 1941.

Guy Tarade notices in his book “The files of strange” that if we characterize the parallel of the boreal hemisphere of our Earth not by their degrees of latitude but by locating them by their distance from the equator and that we consider furthermore the distance of this equator to the North pole with a scale of 10, then the Vatican of the Roman Catholic Church would be located on the parallel 0.666... The revelations of the Virgin Mary to sister Mary-Danielle, nicknamed “Bush of Thorn”, tend to confirm that the residence of the Vatican is apparent in fact to the number 666.

September 13, 1994, she says that “you have to know that the Antichrist, Maitreya, is on the earth... and it resides in the number six-six-six. Take care of this number and remind you well My words...”

The book “Satan” of the Carmelite Studies has exactly 666 pages.

In some occult sects, numbers 1, 10 and 100 represent “the unit”, or the “ordinal perfection”, while the number 6 represents “the union of all the apparent dualities in the reality”, or “the union of the infinite with the finite”. Thus in the Bavarian order of “Illuminated”, created by Adam Weishaupt in 1776 two month before the United States of America obtains their independence, July 4, 1776, they had estimated that a “circle of the best influences” had to contain only

100 members and that 6 of these circles would be enough to govern the whole world if they were each directed each by a committee constituted of 10 persons. In fact, according to Stan Deyo, in his book “The Cosmic Conspiracy”, the first intention of this order, that would have justified its creation, would be to establish to the planetary scale a new world wide order governed by a world wide dictatorial government. Since their foundation, this order would have taken sufficiently extension in our days at the point to have become the center of a “invisible government” with their various international ramifications which they would have succeeded to install. Still according to Deyo, if these modern Illuminated maintain to the original concepts of Weishaupt, the structure of this “invisible government” dispersed through the whole world would have existed around 6 circles, 60 directors and 600 members:  $6+60+600=666$ . On the other hand, Stan Deyo sees also in the seal of the “one American dollar” the sign of the Beast. This seal is composed among others by a pyramid of 13 floors with an eye appearing at the top. On the first floor of the pyramid it is registered in Roman numbers the year 1776, MDCCLXXVI, which he divides firstly in three groups, “MDC”, “CLX” and “XVI”, then in beneath groups, “M.DC”, “C.LX” and “X.VI”. By regrouping all beneath groups together, he obtains “MCX” and “DCLXVI”, what represents 1110 and 666. But if we use the sexagesimal system (base 60, used in the past by the Babylonian) instead of the decimal system (basis 10) 1110 becomes 666, that is to say 1110 multiplied by 100 and divided by 60. So DCLXVI gives 666 in the decimal base and MCX also gives 666 but in the sexagesimal base.

Ozanam notices that 666 is a triangular number, formed by the sum of three other triangular numbers:  $15 + 21 + 630$ .

Some comparisons can be made to show the existing connection between the number of the Beast, 666 (that is the triangulation of 36), and the characteristic number of the mission of the Christ, 153 (triangulation of 17). Note that in the Gospel of Luke, the verse 36 of chapter 17, does not exist. And put aside verses 1 S 17,36 and 2 K 17,36, the reference chapter 17 verses 36 never occur in any other place in the Bible. These two

verses of the Old Testament highlight the combat led against the Antichrist and that only the Christ must be adored. At 2 K 17,36, the people are warned against the false gods and that they have to adore only the Lord: “You are to bow down and offer sacrifice only to Yahweh”. At 1 S 17,36, it is David that told Saul that Goliath will fall between his hands “for having challenged the armies of the living God”. David, a shepherd (symbolizing the “The Good Shepherd”, the Christ) faces Goliath and kills him by cutting his head (symbol of the Antichrist dethroned) with a sword (symbol of the Word of God).

A cuneiform document, named “The tablet of the Essagil”, today at Louvre, gives plans numbered of the zigurrat of the ancient city of Babylon. Here are the main measures: 60 60 60 the length, 60 60 60 the width in cubit sukum, and the height equal to the length and to the width (90 meters on each side). Therefore everywhere 60 60 60, reminding the number 666 of the Revelation.

Some criminals have already taken this number as signature.

The length of the diagonal of the antechamber of the Great Pyramid is 666 feet.

John-Paul Regimbal, priest, declares in his book “The Rock ‘N’ Roll, no 2”: “Since years 1970, the pouch of the discs become increasingly explicit for the utilization of references and the esoteric, erotic and satanic symbols. So, for example, we will see the triangles reversed, the pyramids, the pentagrams, the hexagrams, the magic circles and all the plethora of the symbols of the sorcery. Furthermore, they don’t hesitate to put in obviousness the nudity, the phallic and vaginal symbols, the mutant of all kinds and clearly satanic symbols such that the numbers 666 and its opposite 999, human sacrifice scenes, black masses and infernal representations.”

The cards of the National Bank of Australia present the number 666.

The Office of the Compensation check for Indian banks in Bombay shows the numerical code 666.

New American credit cards now include a number starting with 666.

The “computer system Olivetti P 6060” uses numbers starting with 666.

The restorations of computer of all the United States have the number 666 surrounded by gray points.

The number 666 is printed on all the lottery tickets of Israel.

The overseas phone number of Israel is 666.

Built in 691 after J.C. by Caliph Omar, the mosque named the “Dome of the Rock of Jerusalem”, located in Israel, has in its construction several remarkable geometrical structures. For example, the plan of the soil is a double square, then an octagon, surmounted of a cupola whose diameter to the ground is 66 feet 6 inches.

Rael, who created the “raelien” movement, would have received those revelations directly from Elohim. It would have given him amongst other things the real meaning of events related in the Bible. Elohim would have even forecasted that we would discover the nuclear power after that 666 generations of humans were generated and succeeded on earth since the creation. They knew hypothetically that after 666 generations of human, we would be at this precise degree of scientific development, just like we can predict that a foetus will have reached such maturation degree after weeks of pregnancy in the belly of her mother.

The atomic bomb was released on Hiroshima on August 6, 1945. The name of emperor of Japan in 1945 was Hiro-Hito. And, unfortunately, he was the 666th emperor of Japan! The legend says that 13.320 years before Hiro-Hito, the first Japanese emperor is born from the union between a woman “coming from the sky” and a man of the earth! As a generation corresponds to average of 20 years, we can then divide 13.320 by 20, which gives 666!

The six different coins used in Japan give 666 by adding them together:  $500+100+50+10+5+1 = 666$ .

The former President of the United States, Ronald Wilson Reagan, has 6 letters to each name, giving 666. He also bought a house whose number of the street was 666.

Some interesting mathematical properties:  $(6 \times 6 \times 6) + 6 + (6 \times 6 \times 6) + 6 + (6 \times 6 \times 6) + 6 = 666$ ;  $(1 \times 1 \times 1) + (2 \times 2 \times 2) + (3 \times 3 \times 3) + (4 \times 4 \times 4) + (5 \times 5 \times 5) + (6 \times 6 \times 6) + (5 \times 5 \times 5) + (4 \times 4 \times 4) + (3 \times 3 \times 3) + (2 \times 2 \times 2) + (1 \times 1 \times 1) = 666$ .

The sum of numbers 1 to 666 gives 222111 considered by some esoteric texts as divine or sacred since they make of it the code representation of God and the Temple.

In physics, the constant of the universal gravitation is equal to  $6.66 \times 10^{-11} \text{ N} \times \text{M}^2 / \text{kg}^2$ .

### Gematria

Numerical value of Neron Kesar, the emperor Neron, in Greek. Others authors rather refer to “Caesar N(eron) god”, where the eleven Greek letters (“th” is only one) in equivalent numbers give: kaisar =  $20 + 1 + 10 + 200 + 1 + 100 = 332$ ; N = 50; theos =  $9 + 5 + 70 + 200 = 284$ . The total:  $332 + 50 + 284 = 666$ . Neron was the sixth Caesar.

In Hebrew, the WWW, abbreviation of “World Wide Web” is written with the letter Hebraic waw, where its numerical value is 6, and is translated in Latin form by letters U, OU or by W. Then, the three letters WWW generate 666 in Hebrew since in this language the numbers are represented by the letters.

In German Maitreya is written “Maitreyas”. By using the gematria A=6, B=12,... we find that Maitreyas gives 666. Similarly with the name of Himmler gives 666 by using the gematria Z=6, Y=12,... Himmler was the head of the Gestapo (SS) and was the great organizer of concentration camps used to hold the jews for immigration to the US and Palestine.

Mireaux, in The Queen Berenice, 1951, worsens the case of the Roman Empire by proposing a decoding that implicates the ten first Roman emperors according to their Greek initials names. Then we have:

Kaîsar – Caesar: Kappa = 20

Sebastos – Auguste: Sigma = 200

Tibérios – Tibere: Tau = 300  
 Gaïos – Gaius: Gamma = 3  
 Klaudios – Claude: Kappa = 20  
 Nérôn – Neron: Nu = 50  
 Galbas – Galba, Othon, Vitellius: Gamma = 3  
 Ouespasianos – Vespasien: Omicron = 70  
 Total: 666

There is a numerologic table conceived as follows: A=6; B=12; C=18, D=24,... and so on for the next letters, with a step of 6, until: X=144, Y=150 and Z=156. With this table, we obtains some surprising results. Thus COMPUTER makes 666:

$18+90+78+96+126+120+30+108 = 666$ . Here are some others results. Deutschland = 666, Diluvium (deluge) gives also 666, and New York = 666. We can also apply this table to the name of the software “Windows 95”, conceived by the Microsoft:  $W(138) + I(54) + N(84) + D(24) + O(90) + W(138) + S(114) + 9 + 5 = 656$ . If we consider that 95 is put for 1995, it is necessary to add  $1 + 9$ , and we obtain: 666. Similarly with the name of Mikhaïl Gorbatchev, or Gorbatchov, as writen in the most newspapers in the world:  $G(42) + O(90) + R(108) + B(12) + A(6) + T(120) + C(18) + H(48) + O(90) + V(132) = 666$ . Also the name of the reverend Sun Moon:  $S(114) + U(126) + N(84) + M(78) + O(90) + O(90) + N(84) = 666$ . They prepare in Rome the great Jubilee of the Sinai for the year 2000, whose the pope John-Paul II demonstrates a fiery desire to live until the end of the century to lead it succesfully. So JUBILE-SINAI (written in French) gives  $J(60) + U(126) + B(12) + I(54) + L(72) + E(30) + S(114) + I(54) + N(84) + A(6) + I(54) = 666$ .

By using the ASCII table, the name “christ” in lower-case letters gives 653. If we add the number of the Christ himself, that is to say 13, we obtain the number 666:  $c(99) + h(104) + r(114) + i(105) + s(115) + t(116) + 13 = 666$ . The fact of using lower-case letters instead of the capital letters to obtain this number 666 shows that it well concerns Jesus Christ, not glorified, but annihilated by our faults supporting the sins of the world. In the same way, the word “Messiah” written in Aramaic, meschîkhâ, gives 666 by adding 13:  $M(77) + E(69) + S(83) + C(67) + H(72) + I(73) + K(75) + H(72) + A(65) + 13 = 666$ .

In Greek, the word designating “the Tradition” is written PARADODSIS and has as numerical value  $666 = 80+1+100+1+4+70+200+10+200$ .

The version of the MS-DOS operating system 6.21, conceived by Microsoft, gives 666 by using the ASCII table:  $77+83+45+68+79+83+32 = 666$ .

The number 666 could have been referred to Herod Agrippa, king of the Judea. In the old Hebrew documents, the name of Herod could be written at least in two manners: Hôredôs and Hôrôdôs. In the second manner, there is three waw. As the value of letter waw is 6, the name includes then three 6. Herod is the proper name of all a dynasty of tyrants, since it is the name of Herod tells the Great; his son Herod from the second Mariam; Herod son of Cleopatra; Herod Antipas; Herod Archelaus; Herode Agrippa 1st; Herod of Chalcis; and Herod Agrippa II, the contemporary of the great war of the Judea against Rome. When the name of Herod was spelled in Hebrew Hôrôdôs, that gave visually for the reader Hebrew H6R6D6S, the name of the three 6.

Irenee, Doctor of the Church of the 2nd century after J.-C., observed that the numerical value of “Roman” or “Latin” in Greek (Lateinos) by using the gematria of the Greek numerical alphabet, gave 666:

L A T E I N O S

30 1 300 5 10 50 70 200 = 666

And, according to Alexander Hyslop in his work “The two Babylons”, the Romans go back to their origin to the god-child of the sun they called it Lateinos and this god was also identified to Saturn, that is to say “Stur” in Babylon language (the hidden god, the god of the mysteries). Considering the value of letters of the Stur, we obtain also 666: S=60, T=400, U=6, R=200.

Numerical value of “Sorath” (link of the Sun), a high angelic entity which had for mission to keep the glare of the Sun during the night and to give it back to God in the morning, according to a occult philosophy. This history reminds strangely to Lucifer whose name means “carrier of light”.

Numerical value of the word ROTAS being written in Hebrew (resh, waw, taw and samekh) giving

numerically:  $200 + 6 + 400 + 60 = 666$ . This word refers to the Hebraic square ROTAS that is presented as follow:

S A T O R  
A R E P O  
T E N E T  
O P E R A  
R O T A S

A lot of things have been written concerning this magical square ROTAS. Let us say simply that the Latin sentence SATOR AREPO TENET OPERA ROTAS, registered in a magic square of five, has been interpreted by the alchemists and the esoterists in many ways. Among others, some have seen in this sentence that translation “the ploughman with his plough or in his field directing the labours”.

The sephirotic Tree of the Cabal teaches that the sum of numerical values of Aïn-Soph (166, absolute empty) and Kether (500, unity) gives 666, the Sun.

Paul-Louis Couchoud notices that this is the numerical value of the name Attis in Greek (to the accusative because to the dative we obtain 616). Attis was the companion of the Phrygian goddess Cybel whose the orgiastic cult was spread in the world Greco-Roman in 3rd century before J.-C. Attis was therefore a designated Antichrist.

Numerical value of “Vicarius Filii Dei”, Vicar of the Son of God, by using some letters of the Roman numerals:

VICARIVS : V=5, I=1, C=100, I=1, V=5 112

FILII : I=1, L=50, I=1, I=1 53

DEI : D=500, I=1 501

Total: 666

The sum of 112, 53 and 501 gives 666. The Vicar of the Son of God refers to the Pope. This coding was advanced by the Protestants of the Reform.

Numerical value of the words “totally without law” or “totally unjust” written in Greek, panathesmios.

Numerical value of the word Antichrist by using the following code: A=1, B=2, J=10, K=20, L=30, S=100, T=200:

## A N T E C H R I S T

$$1\ 50\ 200\ 5\ 3\ 8\ 90\ 9\ 100\ 200 = 666$$

The name of Charles De Gaul written in Hebraic letters gives 666 as numerical value:

$$300+200+30+60+4+6+6+30+30 = 666.$$

Using Roman numbers, 666 is the value of the emperor Diocletien August who persecuted the firsts Christians:

D I o C L e s a V g V s t V s

$$500\ 1\ 100\ 50\ 5\ 5\ 5 = 666$$

The name of Mahomet written in Greek letters, Mahometis, gives 666 as numerical value:

M A O M E T I S

$$40\ 1\ 70\ 40\ 5\ 300\ 10\ 200 = 666$$

The word Beast in Greek letters, attein, has for numerical value 666:  $1 + 300 + 300 + 5 + 10 + 50 = 666$ .

The baron Napier found that the sum of the words “empire Latin” written in Greek gave 666. The “empire Latin” refers to the papacy.

For John H. Alexander, the number 6 represents the man, underlining his limitations and his insufficiency. In his book, “The Apocalypse verse by verse”, he makes notice that in Greek language, 666 is expressed with Chi=600, Xi=60 and sigma=6 (CH-X-S) and that in some manuscripts the name of the Christ (Christos) appears in the shortened form CV (CH-S) where only the first and the last letter are retained. “In the number 666, it is as if one had slipped, between the two letters expressing the name of Christ in summary, a central letter symbolizing the power of the man (the numerical value of the Xi Greek is 60, that is to say  $10 \times 6$ ). This letter Xi would appear therefore as a symbol of the beast and would signal its intention to pose for Christ, by giving the illusion that it is covered of its power”.

In Hebrew characters 666 is obtained by letters taw for 400, resh for 200, samekh for 60 and waw for 6, which forms the word Sother or Sathor, that means exterminator.

The numerical value of “Your God” (Ex 6,7) and “The flaming sword” written in Hebrew gives each 666.

In Hebrew, the word “romiith”, meaning “Roman kingdom”, has 66 as numerical value:

$$200+6+40+10+10+400 = 666.$$

Constellations or lights (Gn 1,4) in Hebrew is translated by YEL, 25, MEEROTH, 641. So:  $641 + 25 = 666$ .

According to the gematria of Abenesra, in the name of Jehovah, yod = 10, he = 5, waw = 6; the sum of the two first letters is 15, and the square gives 225; the sum of the first three letters is 21, and the square gives 441; So:  $225 + 441 = 666$ .

By using the following alphanumeric code: Z=6, Y=12, X=18, ... A=156, and by applying it to the word Internet, that gives  $108+78+42+132+54+78+132+42 = 666$ .

By using the ASCII table, we find a small interesting curiosity by pairing numbers 6 and 9: 69 gives 111, 6699 gives 222, and so forth until having six numbers each, 666666999999, giving 666.

By using as correspondence table A=1, B=2, ..., J=10, K=20, L=30, ..., S=100, T=200, ..., Z=800, we find that the French word “Antechrist” (Antichrist) gives 666 and that “Vatican” gives 664. If we add 2 for Vatican II (the outwardly, newly formalized jew friendly condition of the papal throne) it gives 666.

By using the ASCII table, we find that “sphinx” = 666 = “DELA LAMA”.

The number 666 is used 4 times in the Bible: 3 times in the OT and once in the NT. On the other hand, there is a contradiction from one reference to another concerning the number of sons of Adonikam.

In the OT, the sum of the occurrences of the numbers equal or higher to the greatest number written in its cardinal form, 480 (1 K 6,1), and lower or equal to the greatest number of the OT, “ten thousand times ten thousand” that is to say 100000000 (Dn 7,10), gives as a result of 666. And the sum of the occurrences of all numbers of the Bible equal or higher than 601 gives 666-1.

In the NRSV, the word “water” occurs 666 times.

The word “Law” occurs 666-1 times in the Bible of Jerusalem.

As coined in Forest Gump; “And that’s all I’ve got to say about that!”

Holy friggen shite!!! What the hell was that? Kinda makes my little contribution here seem miniscule! Nonetheless, this is still important given the fact that we are talking about “the one”. The Jewish Kabbalistic interpretation of the word “Messiah” equals VVV or 666.

The greek spelling of Messiah is MEISSIAS

M= 40

E = 5

I = 10

S = 200

S = 200

I = 10

A = 1

S = 200

= 666

For Jews, this number is known throughout the world to represent the Messiah which when he comes, all will be slaves to the Jews. (Talmud, Erubin 43B) NOTE: That time is now, we’re all slaves to the jews, BUT NOT FOR LONG!!! That is what the Messiah is here to take care of!

Preparations began on March 22nd 1998 ( 666 x 3 and flipped, 999 x 2) through March 22nd 1999 (666 in Kabbalah). 1999 in the Jewish Calendar was the year 5760.  
 $5 + 7 + 6 = 18$ ,  $6 + 6 + 6$ !

1999 followed 1998 which is  $666 + 666 + 666!!!$

666 is extremely important to all Jews as is the number 6 itself. 6 Million Dead! The 6 Day War! 6 Days of Creation!

We’ve all been lied to about 666. That’s the truth and this issue gives it to us in a perfectly infallible manner, 666 isn’t evil, it’s the number of our Messiah and creation itself. 666 is definitely, without any doubt, divine. All numbers are. Numbers are the only thing you can count on with absolute certainty. They don’t change and you can always figure them out (calculate/count them) as in Rev 18:13, “Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred, three score (a score = 20) and six. 666!

Good ones! For what it's worth, 2015/16 is 5776 according to the biblical calendar. Not unlike 1776, the year of revolution, we begin anew once again! YHWH, The one true God will free mankind from the jew and their g-d satan/jehovah. He's here, It's Time!!! Do your part and enjoy your judgement, or not!

## 1. Wahid

February 14, 2015

Hmmm, 5776 is interesting. The Qurans' miracle of 19 stands out again here. 57 is  $19 \times 3$  and 76 is  $19 \times 4$ . Also, 5776 is divisible by 19 returning 304 and  $3 \times 4 = 12$  which of course is a very important number. I think there's a lot going on this year!!!

Also, I have a couple of notes on 666 to add, there are exactly two ways to insert "+" signs into the sequence 123456789 to make the sum 666, and exactly one way for the sequence 987654321;

$666 = 1+2+3+4+567+89$  or  $123+456+78+9$  and for the reverse;

$666 = 9 + 87 + 6 + 543 + 21$

666 is a "repdigit, and also a triangular number

$T_{66} = T_{36} = 666$

In fact it is the largest repdigit triangular number as well as a smith number.

666 is the sum of the 38 numbers on a roulette wheel! (actually 36 numbers because 2 of them are 00 and 0, hence 666 is the sum of numbers 1 through 36 as already shown in the newsletter above)

Multiple Gods huh? Sorta reminds me of the first chapter of the bible! Well, I'm there. The triune idea postulated and popularized by the Church never explained that little problem (the use of plurals referring to God/s) well enough for me anyway. This is really something!

### 1. HeyZeus

February 14, 2015

Here's an excellent little piece on the trinity hoax from David;

It's Always Good to know if you have actually passed Gods' tests right?

We are taught that the truth (Gods' word) is always consistent, simple and straightforward. Here we clearly see and prove without any question whatsoever that claims of Jesus being God are based on weak assumptions and/or deliberately erroneous conjecture, extrapolations and confusions of the original texts. "Who" would do such a thing? Satan and his Jewish little helpers maybe?

This is quite clearly a satanic deception laid forth to get billions of Christians to break the most simple of commandments, to worship God and

only God, NOT sons, daughters, angels or prophets of God! Hence the reason Jesus never calls himself God or asks that anyone worship him, the opposite is plainly true. And the Bible contains many verses where Jesus clearly and markedly speaks of God as a separate person to himself. Here's just a few examples of both;

- Luke 22:42 – Jesus says, “Father if you are willing, take this cup from me; yet not my will, but yours be done”
  - John 14:28 – Jesus says; “The Father is greater than I”
  - John 8:26 – Jesus says; “I have many things to say and to judge of you: but he that sent me is true; and I speak to the world those things which I have heard of him”
  - John 8:28 – Jesus says; “When ye have lifted up the Son of man, then shall ye know that I am he, and that I do nothing of myself; but as my Father hath taught me, I speak these things”
  - Psalms 146:3 – “Put not your trust in princes, nor in the son of man, in whom there is no help”
  - Mark 24: 36 – Jesus says; “But of that day and hour knoweth no man, no, not the angels of heaven, but my father only”
  - John 17:3 – “And this is eternal life, they know You the only true God, and Jesus Christ whom You have sent”
  - Acts 3:26 – Speaking about Jesus Peter Says; “God raised up his servant”
  - Acts 3:13 – Peter Says; “The God of Abraham, Isaac and Jacob, the God of our fathers, has glorified his servant Jesus”
  - Acts 4:27 – “Your holy servant Jesus, whom you (God) anointed” (“Christ” means an anointed human)
  - Acts 5:42 – “They never stopped teaching and proclaiming the good news that Jesus is the Christ”
  - Isaiah 43:10 – God Says; “Before me no god was formed, nor will there be one after me”
  - John 20:17 – Jesus says; “I ascend to My Father and to your Father, to My God and to your God.”
  - John 17:1-3 – Jesus says; “...you are determined to kill me, A MAN who has told you the truth that I heard from God”
  - 1 Timothy 5:21 – Paul/Saul Says; “I charge you, in the sight of God and Christ Jesus and the elect angels, to keep these instructions”
  - Acts 17:31 – Paul/Saul calls Jesus; “The MAN God has appointed”
  - Hebrews 2:9 – “But we see Jesus, who was made a little lower than the angels for the suffering of death, crowned with glory and honour; that he by the grace of God should taste death for every man.”
- Mark 10:18 – Jesus says; “Why do you call me good? No one is good except the One God”
- John 5:30 – Jesus says; “I can't do anything by myself. Whatever I hear, I judge, and my judgment is just. I don't seek my own will but the will of God who sent me”
- 1 Timothy 2:5; “For there is one God & mediator between God and men, the man Christ Jesus”

- Mathew 27:46 – Jesus Says; “My God, my God, why have you forsaken me?”
- Mathew 23:9 – Jesus Says; “And do not call anyone on earth “father” for you have one Father, and he is in heaven”
- I Timothy 2:5 “For there is one God, and one mediator between God and men, the man Christ Jesus

Jesus is called a MAN many times in the Bible which also clearly states God is NOT a man NOR a son of man;

- ‘God is not a man’ (Numbers 23:19)
- ‘For I am God, and not man’ (Hosea 11:9)
- ‘a MAN who has told you the truth’ (John 8:40)
- ‘Jesus the Nazarene, a MAN attested to you by God with miracles and wonders and signs which God performed through Him in your midst, just as you yourselves know.’ (Acts 2:22)
- ‘He will judge the world in righteousness through a MAN whom He has appointed’ (Acts 17:31)
- ‘the MAN Christ Jesus’ (Tim. 2:5)
- ‘God is not a man nor a son of man’ (Numbers 23:19)

The Bible often calls Jesus ‘a son of man’ or ‘the son of man.’

- ‘so will the son of man be’ (Matthew 12:40)
- ‘For the son of man is going to come’ (Matthew 16:27)
- ‘until they see the son of man coming in His kingdom.’ (Matthew 28)
- ‘But so that you may know that the Son of Man has authority’ (Mark 2:10)
- ‘because he is the son of man’ (John 5:27)
- In the Hebrew scriptures, the ‘son of man’ is also used many times speaking of people (Job 25:6; Psalm 80:17; 144:3; Ezekiel 2:1; 2:3; 2:6-8; 3:1-3).
- Since God would not contradict Himself by first saying He is not the son of a man, then becoming a human being who was called ‘the son of man’, he would not have done so. Remember God is not the author of confusion. Also, human beings, including Jesus, are called ‘son of man’ specifically to distinguish them from God, who is not a ‘son of man’ according to the Bible.

The Bible says Jesus clearly denied being God and never instructed his disciples to worship him;

- Jesus spoke to a man who had called him ‘good,’ asking him, ‘Why do you call me good? No one is good except God alone.’ (Luke 18:19)
- And he said to him, ‘Why are you asking me about what is good? There is only One who is good; but if you wish to enter into life, keep the commandments.’ (Matthew 19:17)
- If Jesus had been telling people that he was God, he would have complimented the man. Instead, Jesus rebuked him, denying he was good, that is, Jesus clearly, undeniably and irrefutably denied he was God.
- ‘My Father is greater than I’ (John 14:28)
- ‘My father is greater than all.’ (John 10:29)
- ‘When you pray, say Our Father which art in heaven.’ (Luke 11:2)

- ‘In that day, you shall ask me nothing. Whatsoever you ask of the Father in my name.’ (John 16:23)
- ‘The hour cometh and now is, when the true worshipers shall worship the Father in spirit and in truth; for the Father seeketh such to worship him.’ (John 4:23)
- If Jesus was God he would have told people to worship him, but he did the opposite and disapproved anyone worshiping him: And in vain they worship Me [Matthew; 15.9]

If Jesus claimed to be God then there would be hundreds of verses in the Bible which would have mentioned it. But there is not a single verse in the entire Bible where Jesus says; “I am God” or “Worship me.” NOT ONE, NOTTA, ZIP, ONLY THE OPPOSITE IN MANY MULTIPLES!!!

Nice username Mark! Thanks for posting that, it needs to be popularized. Yep, a lot of realizations relating to the Vatican's deceptions began coming after I did that research. At risk of imitating the proverbial broken record, might I add the reminder of some problems with the name “Jesus” itself. The Hebrews of his time correctly called him Yehoshua which is long for Yeshua and Yeshu in short, none of which translate to greek “Lesous” or english Jesus. The thing is, greeks worshipped Zeus during the period of Jesus’ time on earth and Zeus was equated to Amon-Rah, the Egyptian sun god. As we know from strong's hebrew dictionary, the “Je” portion of Jesus means “God” thereby leaving sus or. . . Zeus!!!

So, they’ve got everyone running around worshiping and giving power to Zeus, the god of war who is actually satan, the murderer and liar! “Onward Christian Soldiers”! And you just gotta love how they’ve gotten everyone to say “Amen” after every prayer! Oh, and by the way; get on your knees and “PREY” boy! And definately do it on SUN-day! So, we the Christian sheople are just prEy to the kike wolves. Eyep, satan shall deceive the whole world!

Hey, that’s from the first Goyim Gazette I ever read! It took a couple weeks to for all that to sink in but it has and now I’m deprogramming 30 years worth of jewish church lies. They’ve done it alright. So, thanks for everything so far David and co! It’s a tough pill to swallow but I really, really appreciate all of this. The truth is the truth is the truth! Here’s one I think you might be interested in being as though your name equals 666 and you have an obvious interest in this “new age” we’re entering!

You covered 6 cubed ( $6 \times 6 \times 6$ ) being 216 but skipped it's next power of 432 which is  $216 \times 2$ .  $432 \times 60 = 25,920$  the count of terrestrial years of the Great Cosmic Year which has brought us full circle into the mostly unspoken of "Age of Aquarius." It is the number of years the Earth takes to cross the twelve zodiacal eras averaging 2,160 years each, that is to say the time that takes our solar system to cover once on its orbit the path around the great Central sun (likely a black hole) of our Galaxy.

Considering that the speed of the light in the vaccum is 300,000 km per second, then the light, in solar day, covers 25,920 million kilometers! It is interesting to note also that, in its revolution around the sun, the speed of the earth is 30 km per second and it covers 2,592,000 km per day.

Also, to entwine with the 864 "God Number",  $432 \times 200 = 86,400$  is the average of how many times a normal, healthy human heart would beat in one day while at rest. 60 Beats x 60 Seconds x 24 Hours.

There are 432 Buddha Statues at Borobudar and most Mayan Temples have 4 Columns, 3 Openings, & 2 Entablatures, 432!

432 is the Square Root of the Speed of Light ( $432 \times 432 = 186,624$  miles per second)

Iron Age will last 432,000 Years. All Ages (Iron, Copper, etc. are multiple of 432).

The Mayan Long Count is 'Square Root' of 0.1872 (or 0.432 666153)

The Babylonian Kings ruled for 432 Years.

And to bring this all back to 666 and the newly dawning age of Aquarius we're in now, the average number of breathes of man per minute is approximately 18 ( $6 + 6 + 6$ ). For one whole day of 1,440 minutes this number reaches 25,920 breathings per day.

Oh, and here's a biggie on 666 that I didn't see yet; 666 = the sum of the first 144 digits of PI, beginning after the decimal point;

[PI

Some more . . . Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six. Revelation 13:18

Now the weight of gold that came to Solomon in one year was six hundred threescore and six talents of gold. (666) 1 Kings 10.14

No number in the history of the World has stimulated more speculation than the enigmatic 666 of Revelation 13. The verse above contains the explicit imperative *pic* (*psephisato*, let him calculate) from the root *psephidzo* (count, S# G5585). This verb is the root of *pic* (*Isopsephia* = 1499) – the Greek equivalent of the Hebrew Gematria – from the roots “*isos*” (same, S# G2470) and “*psephos*” (pebble/count, S# G5586).

The study of the number 666 must therefore be understood as a command from the Lord, and should be obeyed. But to obey this command requires that we lay the foundation for the entire study of Numbers in Scripture, for the correct understanding of any number, like that of any word, depends on its context and relative meaning to other elements of the same class. This requires an in depth study which this comment will attempt to begin. This study is not new. It has been known and practiced since ancient times by Jews everywhere. In the second century, Iraneus fought against its abuse by the Gnostics who are basically today's masons.

Six and Thirteen:

The appearance of the Number 666 in Revelation 13 integrates with the distribution of both the Greek word *pic* (Hex, Six, S# G1803) and the Hebrew word *pic* (Vav, Hook, S# H2053), the name of the Sixth Letter. Both of these words each appears exactly 13 times in Scripture! The significance of this “coincidence” is amplified by the natural geometry of the Number 13, which is fundamentally hexagonal – sixfold – since it is the first non-trivial Star Number:

There are many deep and profound ramifications of the relation between the Numbers Six and Thirteen. This Star Number is the basis of the Unity Holograph (*Shema*) just as the Hexagon/Star pair 37/73 forms the basis of the Creation Holograph. The Number 13 carries the fundamental significance of Love and Unity while Six carries the connotation of Work. Thus God's Work of Creation is intimately associated with these Numbers. The Star Numbers are the the root form of the Logos Star, the geometric representation of the prime number 373, the value of the Word God spoke to create the World.

The Numbers Six and Thirteen come together in the Prime Number 613 which is the quintessential self-chosen Number of the Jews, who concluded long ago that there are exactly 613 Commandments in the Torah. This number was one of the first to catch my attention many years ago because of the associated identities (613 = In the Torah = The First Covenant = Circumcision, etc.) Likewise, it is the Jews who recognized the profound spiritual significance of the Number 13, which they immortalized in their count of God's Thirteen Attributes of Mercy. Note also that 613 = 13 + 600, which is the sum of the ordinal and sofit values of the Thirteenth Letter *Mayim*.

One of the most enduring mysteries is the near universal superstitious fear and distrust of the Numbers Six and Thirteen, especially in light of God's use of these numbers in Scripture. Nearly all Christians who study numbers in Scripture assign dark and sinister meanings to both of them because they've been deceived by jews. But this is a propagandized aberration ignores the much more significant association of Six with God's great work of Creation. We must never forget that evil is a perversion of the fundamental goodness of God's Creation.

The reason for aversion to the Number 13 is much less obvious, there being a host of divergent explanations for this superstitious fear, technically known as triskaidekaphobia, fear of 13 which Hollywood has also promoted along with 666 which is exakosioihexekontahexaphobia. (yes really) Suggestions vary from the thirteen witches in a coven, the thirteenth guest at the Norse god Odin's ill-fated feast to the thirteen partakers of the Last Supper. Christians typically note that the first occurrence of thirteen in Scripture is in the context of rebellion (cf. Genesis 14) and that Genesis 13.13 contains the first occurrence of "sinners." They also note that some references to Satan are multiples of 13, though how they ignore its primary significance – which has been noted for centuries by the jews who counted God's Thirteen Attributes of Mercy – remains a mystery. Personally, I think it is due to sloppy, incomplete and superstitious thinking. Nor can I discount the possible influence of age old anti-semitism which would reinforce the dark cloud over both numbers 6 and 13.

Each number has polarity – we can view both its positive and negative aspects. This is particularly evident with the Numbers 6, 13, and 666. Prejudice has discolored the understanding of many, if not most, people interested in Numbers and the Bible. This should serve as a clear warning of the absolute necessity that we guard against self-deception. There is some repetition of the article above but just a few;

Mathematical Properties of 666:

666 is the 36th triangular number (note that  $36 = 6 \times 6$ ):

$$666 = \text{Sum}(36)$$

$$666 = \text{Sum}(6 \times 6)$$

$$666 = 37 \times (6 + 6 + 6)$$

$$666 = 2 \times (3 \times 37 \times 3) \text{ This symmetric form mimics the form of Genesis 1.1} = 2701 = 37 \times 73 \text{ and the form of God's creative Logos} = 373$$

All substrings of 666 are triangular:

$$6 = \text{Sum}(3) = 1 + 2 + 3 = 1 \times 2 \times 3$$

$66 = \text{Sum}(11)$  This integrates with the structure of Scripture (Galgal) = 66 = Number of Books in the Bible

$$666 = \text{Sum}(36) = \text{Sum}(6 \times 6)$$

666 is the largest triangular number consisting of a single repeated digit.

6, 36, and 666 are each the sum of powers of 1, 2, and 3:

$$6 = 1^1 + 2^1 + 3^1$$

$$36 = 1^3 + 2^3 + 3^3$$

$$666 = 1^6 + 2^6 + 3^6$$

There is a general geometric relation between the sum of cubes and the squares of triangular numbers:

Sum of first N cubes = Square of Nth Triangle

For example the 3rd triangle is 6 and  $6 \times 6 = 36 = 1^3 + 2^3 + 3^3$ , as above. This leads to a series of identities relating to 36 and 666 that are based in geometry:

$36 = 1^5 + 2^5 = \text{Sum}(5) + \text{Sum}(6)$  This is an example of the general formula  $\text{Square}(N) = \text{Sum}(N-1) + \text{Sum}(N)$

$666 = 15^2 + 21^2 = 225 + 441 = \text{Sum}(5)^2 + \text{Sum}(6)^2$ : This is an example of the general formula  $\text{Sum}(\text{Square}(N)) = \text{Sum}(N-1)^2 + \text{Sum}(N)^2$ . We can use this to rewrite 225 and 441 (which are squares of triangles):

$225 = 1^3 + 2^3 + 3^3 + 4^3 + 5^3$

$441 = 1^3 + 2^3 + 3^3 + 4^3 + 5^3 + 6^3$

This then allows us to rewrite the formula for 666:

$666 = 1^3 + 2^3 + 3^3 + 4^3 + 5^3 + 6^3 + 5^3 + 4^3 + 3^3 + 2^3 + 1^3$

666 is the sum of the squares of the first seven primes:

$666 = 2^2 + 3^2 + 5^2 + 7^2 + 11^2 + 13^2 + 17^2$

666 is the sum of the first 144 digits of the decimal expansion of Pi – 3. Note

$144 = 12 \times 12 = 6 \times 6 \times 4$ .

Both 6 and 666 are double triangular numbers of powers of 2:

$6 = \text{Sum}(\text{Sum}(2))$

$666 = \text{Sum}(\text{Sum}(2 \times 2 \times 2))$

These could also be written in the somewhat symmetrical form:

$\text{Sum}(\text{Sum}(2))/2 = 3 = \text{Sum}(\text{Sum}(2 \times 2 \times 2))/222$

Indeed, we have only touched upon a small fraction of what exists, one can clearly see there is much to calculate concerning 666!!!

That's for sure obviously! This is so far beyond coincidence that it boggles the mind how the vast majority of us didn't know about it! I mean, stop for a minute and think about this. We have 100% irrefutable proof of higher intelligence being around during the writing of the bible, quran and creation of our measurements for distance, time and quite likely us! I suspect we could go on and on here but what for? We have all we need to know for now. The jews are evil, their vatican is evil, their churches are evil, their (our) govt is evil and of course hollywood and silicon valley are evil because they're all jewed too.

So, might I suggest completing this discussion with the pic below which is an alternate way of drawing the "Infinite 6" from where this excellent article began. (with the golden rectangles) Below we have the Infinite 6 again but in the Golden Triangles, and these words;

**At some point (like now) this becomes a null conversation. There's enough of this sort of info-minutia to last a 1000 lifetimes, we need to**

**get to work. The worthless kikes we're supposed to be focusing on have cheated, stole from, lied to, raped, sickened, oppressed, enslaved and murdered hundreds of millions of our good peoples, now we've found out, it's time for justice.**

HERE'S AN EXCELLENT DISERTATION ON 666, 19 AND THE QURAN!

In the Name of GOD, Most Gracious, Most Merciful

At the very beginning of the Last Millennium in Human history, by GOD`s will, I did count the Letter Qaf (Q) which is the first letter of the Quran and the 18th ( 6 + 6 + 6 )letter of the English alphabet! After research, I realized the number 666 and 19 are encrypted into the Holy Quran to safeguard it from changes! (See sura 11:17)

Only one letter can easily destroy the disbelievers, hypocrites and idol worshipers and increase their sadness. Only one letter can easily guide the sincere and intelligent one in the right path by GOD`s will.

The number 666 is highly publicized all over the world and it is associated with evil and danger. However, it is not what it seems. It was a Satanic trick. The trick was to prevent the people approaching the 666. Satan knew that the 666 is the book of GOD and the people should be kept away from it. According to his plan, he placed a bad image to the number 666.

He did the same plan to the number 19 which is the mathematical code of the book of GOD. He associated his religion, Bahaism with the number 19 in order to mislead the people from the truth.

Satan`s mission is to make tricks and to hypnotise the people in order to capture as many souls as he can till the End of the world.

With his agents, he changed and added verses to Torah, invented new books as Talmud ; Mishnah and Gemara beside Torah, made his own religion, Jerusalem centered Judaism.

With his agents, he changed and added verses to Gospel, destroyed the source, the original Gospel. Today`s Gospel is Greek while the language of Jesus was Hebrew. The name of Jesus (isa) was changed in to Christ. Agent Paul worked for Christianity. Therefore, he made the Church his Temple and made his own religion, Vatican centered Christianity.

With his agents, he added verses to the Quran after Muhammad`s death. He added verses of 128 and 129 in to Sura 9. He invented new books, Hadith and Sunna beside the Quran. He tried to do the same plan to Islam. He used his agent Marwan ibn al Hakam (died 65 AH/684 AD) to destroy the original written by Muhammad. He did hide the mathematical code, the proof of the

Quran, the number 19. He made his own religion, Mecca centered so called islam.

GOD knows what Satan plans and HE plans the best. All plans are in the hand of GOD. GOD is sending His Messengers to purify His Religion, Islam and His Book, The Quran. GOD's religion, Islam shall dominate all other religions. GOD and His Messengers shall win.

Internet , www , which enables connecting people with each other and sharing any information play an important role to deliver The Message of GOD, The Book of GOD, The Quran, 666 and its Proof, 19. The letter w is in Arabic Vav and its Gv is 6. Therefore, www becomes 666. www , World Wide Web is a gift from GOD to humanity that they can talk, watch, read, share, listen anything. 666 , The Quran is a gift from GOD to humanity that it guides to the right path which leads to Heaven. The proofs shall be the evidences that this Quran is the 666 that Satan, his religions, his temples especially the Church are afraid of. The Quran is the 666 and GOD preserves the 666 with the number 19.

6 is the first perfect number in mathematics. It is the only number that the sum of its factors and also the product of its factors equal to the number itself.

$$1 + 2 + 3 = 6 \quad 1 \times 2 \times 3 = 6$$

We read in the Quran that GOD created the Heavens and the Earth and all in between in 6 days. The creation of biological life on this earth is based on Carbon. Carbon has 6 electrons. Carbon is the 6th element in the Periodic table.

The First pair of consecutive primes that differ by 6 are 23 and 29. 23 is 9 th prime no and 29 is 10 th prime no :  $9 + 10 = 19$  The number 19 is mentioned in 74:30 as in arabic "tisate aser" and it gives two numbers ; 9 & 10

The Gematrical Value of the name of GOD (ALLAH) is 66. The opening statement of the Quran ;

In the Name of GOD, Most Gracious , Most Merciful G.Value :

$$2,60,40,1,30,30,5,1,30,200,8,40,50,1,30,200,8,10,40$$

The G.value of this statement is 786. It has 19 letters. The number 7 is 4 th prime no, 8 is 3 rd composite no and 6 is 2 nd composite no :

$$7 + 4 + 8 + 3 + 6 + 2 = 30$$

The number 30 is 19 th composite no and the number 19 is placed in verse 30 in Sura 74.

$$7,4 + 8,3 + 6,2 = 2 \quad 19$$

2:19 is the verse where 19 th letter Qaf is placed.

In the opening statement, the Digital no is 33 and digital total is 66. The number 66 is 33 rd even no.

$$66,33 + 786 = 74\ 19$$

The Gv of 74:19 including Basmalah is 666. This verse has 10 letters and the number 19 is 10 th odd no. The number 74 is 37 th even no and 19 th odd no is 37.

66 is the smallest number which is the sum of two primes in 6 different ways.  
 $61+5 = 66$  ,  $59+7=66$ ,  $53+13=66$ ,  $47+19=66$ ,  $43+23=66$ ,  $37+29=66$

Amazingly, when looking at the Quran, at these 6 verse numbers, there are 9 times the word of GOD, 66.

$$61 + 5 + 59 + 7 + 53 + 13 + 47 + 19 + 43 + 23 + 37 + 29 + 6 + 9 , 66 = 1368 \text{ (684} \times 2 \text{) (19} \times 72 \text{)}$$

$$61,5 + 59,7 + 53,13 + 47,19 + 43,23 + 37,29 + 9 , 66 = 20262 \text{ (66} \times 307 \text{)}$$

At 3:7, there is 289 th word of GOD and 289 is Gv of “ALLAHUAKBAR”. The number 37 is 19 th odd no. Human being is GOD’s creation and human body temperature in Celcius is 37. Add the verse no with the Quran, 666 ;  $666 + 37 = 703 \text{ (19} \times 37 \text{)}$

The number 37 is 12 th prime no and 12 th composite number is 21 : 1221 The Gv of 74:30 is 1221. 67 is 19 th prime no and 67 th number 19 is placed in verse 30 which is 19 th composite no , in Sura 74. Adding the digitals of number 37 ;  $3 + 7 = 10$  and the number 19 is 10 th odd no. Adding of The First (Alpha), 1 and The Last (Omega), 9 numeral is also 10.

The number 666 is mentioned in Torah and Gospel. 10:14 in the First Book of the Kings and 9:13 in the second book of the chronicles are the same. It is a fact that the Queen of Sheba who became a submitter sent a gift of 666 talents of gold to King Solomon, the prophet. Sending a gift is a sign of a good intention.

The third occurrence of 666 is in Ezra 2:13 which is about the Children of Adonikam. This refers to freeing the captives when Cyrus the king of Persia defeated the Babylonians in 539 BC. There were 666 members to the family of Adonikam who were back to the city of Jerusalem. Israelites were given the gift of freedom. Liberty is a good sign.

Three times mentioned above gives us the good sign and a gift.

The number 666 mentioned in the book of Revelation 13:18 is a part of a satanic scheme to hypnotise the minds of Christians. It is intended to cast fear and evil. The reason is to create the negative prejudice in the minds of the people when they witness the number 666, the truth. The truth is that This Quran is the 666 , The Book from The Lord of the Universe.

The number 666 was mentioned as a gift in 3 times ;

$$666 \times 3 = 1998$$

In the Quran, sura 19 has 98 verses ; 1998 1998 is the year that the 666 with its warning is delivered to the Turkish society. The cover of the Artý Haber Magazine dated 17.1.1998 in English :

” There are no Satanic verses in this Quran.”

The Satanic verses, 9:128-129, are out of the Quran by the Miracle of 19. Therefore , there are no satanic verses in this Quran and This Quran is 666. The Message was delivered in the will of GOD. 666 – The Quran & 19 – The Proof

85:21-22 ...In fact, it is a glorious Quran, in a preserved Master Tablet.

Gematrical value of these two verses are 452 and 1168 respectively.

$$85 + 21 + 452 + 22 + 1168 = 1748 (19 \times 92)$$

92 is the G.Value of the name Muhammed, through whom the Quran was revealed. In this system, the Digital total is 47 which directs to Sura Muhammed. 41:26 points out This Quran that the disbelievers reject.

$$666 + 41 \ 26 = 47 \ 92$$

Place the number 666 next to G.value of these verses.

$$666 \ 452 \ 1168 (19 \times 350764272)$$

$$666 + 85 + 21,452 + 22,1168 = 243371 (19 \times 12809)$$

The number of letters of these two verses are 13 and 10 respectively.

$$85 + 452,13 + 1168,10 = 162108 (684 \times 237) (19 \times 8532)$$

$$85 + 21,13 + 22,10 = 4408 (19 \times 232)$$

GOD is protecting the Quran, 666 , (15:9) with the number 19 (74:30). Between 15:9 and 74:30, there are 3742 Qaf letters in the Quran, 666.

$$666 + 3742 = 4408 (19 \times 232)$$

44:8 points the fact of “Lailaheillahu”, “There is no other God beside Him.”

$$666 + 85 + 21 + 13 + 22 + 10 = 817 (19 \times 43)$$

GOD is doing everything (8:17). The number 8 is 3 rd composite no and 17 is 7 th prime no : 3 & 7 The number 37 is 19 th odd no. The largest prime factor of 666 is 37 ; (37×18) There are 12 prime numbers till 37 and sum of them is 197.

$$12 + 197 = 209 (19 \times 11)$$

When adding the numbers up to the number 36, the result will be 666. Sura 36 (YaSin) is the 19 th sura among 29 suras that are prefixed with Quranic initials. Among these suras, YaSin (36) is the only one that when we place the sura number (36) and the verse number (1) in which the initials are mentioned side by side, it is a multiple of 19.

$$36 + 1 = 37 \text{ (19} \times \text{19)}$$

36 + 1 = 37 and the number 37 is 19 th odd no. Sum of odd numbers till 37 is 361 (19×19). If we add the Quran, 666...

$$666 + 36 + 1 = 703 \text{ (19} \times \text{37)}$$

Let`s add the sura no (36), the number of verses including basmalah (84), the G.v of Ya (10), and the G.v of Sin (60).

$$36 + 84 + 10 + 60 = 190 \text{ (19} \times \text{10)}$$

The title of Sura 74 in the Quran is 'Hidden Secret'. This secret refers to the Mathematical Miracle of the Quran and its common denominator , 19. The year of the discovery of the Miracle was 1974. The first verse in this Sura says, "O you hidden secret.". From this verse, 74:1, inclusive, to the end of the Quran, there are 741 verses (19×39). Therefore, 74:1 is addressing the secret of the Quran and the Quran is 666.

$$666 + 74 + 1 = 741 \text{ (19} \times \text{39)}$$

The total digits of the numbers above are ; 6 + 6 + 6 + 7 + 4 + 1 = 30 30 is the verse number of this Sura (74:30) that mentions the number 19.

GOD swears that this is one of the great miracles ; 74:32,33,34,35

$$666 + 74 + 32 + 33 + 34 + 35 = 874 \text{ (19} \times \text{46)}$$

$$666 + 7432333435 = 7432334101 \text{ (19} \times \text{391175479)}$$

Gematrical value of these verses are 428, 985, 1180, 363 respectively. Number of letters of these verses are 9, 11, 13, 14 respectively.

$$74 + 32 + 428 + 9 + 33 + 985 + 11 + 34 + 1180 + 13 + 35 + 363 + 14 = 3211 \text{ (19} \times \text{169)}$$

3211 is the Gv of 7:62 where The Quran, 666 and its proof, 19 has been mentioned numerically. In this verse, the total verse no where the word of GOD placed is 66619.

$$666 + 74 + 32 + 428 + 33 + 985 + 34 + 1180 + 35 + 363 = 3830 \text{ (383} \times \text{10)}$$

383 is Gv of al Quran , The Quran and the number 19 is 10 th odd no. 3:164....GOD has blessed the believers by raising in their midst a Messenger from among them, to recite for them His revelations and to purify them, to teach them the scripture and wisdom...

$$666 + 3 \text{ 164} = 3830 \text{ (383} \times \text{10)}$$

The number of the suras in the Quran is 114 (19×6). As a result of permutation, we get two additional numbers : 141 and 411

$$114 + 141 + 411 = 666$$

The Quran, 666 , is a gift from GOD and it is under His Protection (15:9). The number 15 is 8 th composite no and number 9 is 4 th composite no : 8 & 4 Also,  $15+14+13+12+11+10+9 = 84$  There are 84 times the number 19 in the Quran ; 82 times as verse no, 1 time as sura no and 74:30

$$666\ 15\ 9\ (19 \times 35061)$$

In the Quran, 666 , in 15:6 , this reminder (zikr) refers to the mathematical miracle of the Quran.

$$666 + 156 = 822$$

822 is the sum of 29 sura numbers that are prefixed with Quranic initials. It reminds the people about the End of the World which shall be in 2280. The time was revealed through 29 sura numbers that are prefixed with Quranic initials.

In the Quran, 666 , the First verse is ; In the Name of GOD, Most Gracious , Most Merciful This important statement consists of 19 Arabic letters. The G.value of this verse is 786.

$$666\ 786\ (19 \times 35094)$$

6:114...Shall I seek other than GOD as a source of law, when He has revealed to you this book fully detailed? Those who received the scripture recognize that it has been revealed from your Lord, truthfully. You shall not harbor any doubt.

$$666 + 6 + 114 = 786$$

In the Qaf table, there is 786 th word of GOD at 786 th verse, in the Quran.

The Missing Basmalah of Sura 9 in the Quran, 666 , is placed in 27:30.

$$666\ 27\ 30\ (19 \times 350670)$$

$$666 + 27 + 30 + 786 = 1509$$

GOD knew that Satanic verses shall be added to Sura 9 and that's why He did not place His seal, Basmalah at the beginning of the Sura 9 but He placed it at 27:30. Herewith, He protected His Book, The Quran (15:9).

The First Sura in the Quran, 666 , is Praise. This sura is the gift of GOD to us to establish Contact with Him through our daily Contact Prayers. The G.value of this sura is 10143.

$$666\ 10143\ (19 \times 3505797)$$

In the Quran, 666 , there are 114 suras and the sum of the sura numbers is 6555. There are 6234 numbered verses in the Quran.

$$666\ 6555\ 6234\ (19 \times 3508713486)$$

Lets concatenate the sura-verse numbers in the Quran and add them all.

$$(17+2286+.....+9127+.....+1146 = 7\ 14\ 114\ )$$

15:87.... “We have given you the seven pairs and the Great Quran.” We know that the 7 pairs, the 14 sets of the Quranic initials were the components with which the End of the World (2280 AD – 1710 AH) was discovered in the year 1980.

$$666 + 714114 = 714780 (19 \times 19 \times 1980)$$

50:1 points out the letter Qaf which is the first letter of the Quran.

$$666 + 50 + 1 = 717 \dots \dots \dots 7 \text{ th prime number is } 17$$

Let's look at the first 7 prime numbers : 2,3,5,7,11,13,17 Let's take its Pairs :  
2×2, 3×3, 5×5, 7×7, 11×11, 13×13, 17×17 Now, let's sum of Pairs of the first 7 prime numbers :

$$2 \times 2 + 3 \times 3 + 5 \times 5 + 7 \times 7 + 11 \times 11 + 13 \times 13 + 17 \times 17 = 4 + 9 + 25 + 49 + 121 + 169 + 289 = 666$$

Indeed, sum of Pairs of the first 7 prime numbers gives the result of 666, The Quran.

The Quran, 666 was revealed to Muhammed, 92 in the year 610.

$$666 + 92 + 610 = 1368 (684 \times 2) (19 \times 72)$$

684 is Gv of “el Quran el Kerim”, the Honorable Quran.

The Quran was revealed through Muhammad (92) in the 27 th night of the month of Ramadan (9). 97:1.....”We revealed it in the night of Destiny.” If we add the Quran (666), the sura-verse number (971) and Gv of Muhammad (92)

$$666 + 971 + 92 = 1729 (19 \times 91)$$

97:1 has 5 words and 20 letters. Gv of 97:1 is 695.

$$97 + 1 + 5 + 20 = 123$$

$$666 + 971 + 5 + 695 = 2337 (19 \times 123)$$

The number 123 is 92 nd composite no.

Sura 97 has 5 verses and it is made of 30 words and 111 letters.

$$97 + 5 + 30 + 111 + 27 + 9 = 279$$

Gv of sura 97 is 6721.

$$97 + 5 + 6721 + 27 + 9 = 6859 (19 \times 19 \times 19)$$

Sura 97 has 5 verses and it is made of 111 letters and the Gv of the Sura is 6721.

$$97 + 5 + 6721 + 111 + 92 + 27 + 9 = 7062$$

Total verse no where the word of GOD placed in 7:62 is 666 19. 7062 is 66 x 107 and 107 th word of GOD is placed in the verse of 165....the Gv of

“Lailaheillallah”, There is no other God beside GOD.

32:2... “The Book is, without a doubt, a revelation from the Lord of the Universe.” The Book is This Quran , 666.

$$666 + 322 = 988 (19 \times 52)$$

In the Quran, 666 , there are 3 suras which have 19 verses. These are sura 82, 87, 96

$$666 + 82 + 19 + 87 + 19 + 96 + 19 = 988 (19 \times 52)$$

The title of Sura 98 in the Quran is the Proof and it has 8 verses. Gv of sura 98 is 28108.

$$666 + 98 + 8 + 28108 = 28880 (19 \times 19 \times 8 \times 10)$$

The number 19 is 8 th prime no and 10 th odd no.

We have seen the number 666 as a gift in Torah ; The First Book of the Kings 10:14 and The Second Book of the Chronicles 9:13, where the queen sent 666 talents of gold to King Solomon as a gift. In the Quran, 666 , there is a mention of this gift in 27:35.. “I am sending a gift to them.....”

$$666 + 2735 = 3401 (19 \times 179)$$

27:35 has 39 letters and 8 words.

$$666 + 27 + 35 + 39 + 8 = 775$$

775 is Gv of el Muddessir (sura 74), The Hidden Secret. 4:105...We have sent down to you the scripture.....

$$666 + 4 + 105 = 775$$

34:44.. “We did not give them any other books to study.....” It points at no other book but the Quran, 666 , which the sincere believers should study as they are commanded by GOD and should follow its contents. 34:44 has 47 letters and 11 words.

$$666 + 34 + 44 + 47 + 11 = 802$$

802 is Gv of 74:1...”O you hidden secret.”

$$666 + 34 + 44 = 744$$

74:4...”Purify your garment.” 744 is pointing at the Purified Quran : The Quran without the two false verses 9:128-129, the Satanic verses are out of The Quran, 666.

$$666 + 74 + 4 + 9128129 = 9128873 (19 \times 480467)$$

In the letter Qaf that I witnessed, there are 7032 times of the letter Qaf placed in 3749 verses in 109 suras. These 3 numbers give the result of the numbers of

66 and 165. Totally 5 numbers I witnessed in the letter Qaf.

$$109 + 3749 + 7032 = 10890 (66 \times 165)$$

Let's add these 5 numbers ; 109,3749,7032,66,165

$$109 + 3749 + 7032 + 66 + 165 = 111, 21$$

The numbers 111 and 21 have a incredible proof. Let's look at the Gv of Bahattin Uzunkaya , 468 102, according to Gematrical value sequence.

Gv : (Bahattin) 2 , 5 , 1 , 400 , 10 , 50 (Uzunkaya) 1 , 6 , 7 , 6 , 50 , 20 , 1 , 10 , 1  
Sequence : 2 , 5 , 1, 22 , 10 , 14 1 , 6 , 7 , 6 , 14 , 11 , 1 , 10 , 1 Total : 54 57 111

The Digital total of Gv :  $4 + 6 + 8 + 1 + 0 + 2 = 21$

On the other hand, including Basmalah, Sura 111 has 6 verses and total of verse numbers is 21 ( $1+2+3+4+5+6=21$ ). Sura 111 has 100 letters and the Gv of letter Qaf is 100. Sura 111 has 6 verses ;  $111 \times 6 = 666$  , The Quran Sura 6 verse 111 is 666 th verse in the Qaf table. The number 666 is written mathematically as :  $6 \times 100$  ,  $6 \times 10$  ,  $6 \times 1$  Adding the factors gives the result of the number 111 ( $100+10+1$ ). We say "ALLAHUAKBAR" 111 times in daily contact prayers. Adding all the factors gives the result of 18 ( $6+6+6$ ) and 111 ( $100+10+1$ ). Sura 18 has 111 verses and  $18 \times 111 = 1998$  ( $666 \times 3$ )..The Year that The Message "This Quran" delivered. In sura 111, there are 3 times 6 which is the letter vav : 36 The total numbers up to 36 is 666 and it points Triple (3) 6 which gives  $6+6+6 = 18$  The number 36 is 18 th even no and also 3 rd even no is 6. The number 36 is  $6 \times 6$  and Sura 111 has 6 verses and it is 6 th revelation to Muhammed. In sura 111, 6 th letter is the letter Lam, 30 ;  $6 + 30 = 36$  In sura 111, there is only one verse which has 6 words ; it is 111:3. 111:3 has made of 6 words and 19 letters.  $111 + 3 = 114$  and  $6 \times 19 = 114$ .....The Quran that is made of 114 suras. The Gv of sura 111 with 6 verses is 6217.

$$666 + 111 \times 6 + 6217 = 79 \ 99 (19 \times 421)$$

1998 was the year that the Message "This Quran" delivered and 1999 was the year that GOD's retribution as Quake was upon the disbelieving community, Turkiye. The number 79 is the Gv of Quake, "Zelzele" and 99 is the Sura Quake. It was GOD's judgment. The Digital no is 11 and digital total is 43. 11:43 indicates the fact of GOD's judgment upon disbelieving community. The disbelieving community rejected His Messenger and the Message of One God.  $11 + 43 = 54$ ....the Gv of "ilahuvahid" , "One God". Including basmalah, Sura 99 has 9 verses and it is made of 175 letters and 40 words. 1999 was the year of the rise of GOD's Messenger, 570.

$$99 + 9 + 175 + 40 + 570 = 893 (47 \times 19)$$

47:19 indicates the fact of "Lailaheillallah", "There is no other God beside GOD" The disbelieving community rejected the Message of 19 and suffered its consequence as Quake on 17.8.1999. The Gv of Sura 99 is 17393.

$$99 + 9 + 17393 + 175 + 40 + 17 + 8 + 1999 = 19740 (1974 \times 10)$$

10 th odd number is number 19 which is revealed in 1974. Indeed, they rejected His Messenger.

$$666 + 99 + 9 + 17393 + 175 + 40 + 17 + 8 + 1999 = 20406 (19 \times 1074)$$

10:74 indicates the fact of disbelievers who reject His Messenger. GOD supported His Messenger on 17.8.1999.

$$666 + 99 + 9 + 175 + 40 + 17 + 8 + 1999 = 3013$$

3:13 indicates the fact of GOD's support on His Messenger. GOD made His Messenger a witness with the letter Qaf and the number 666. In Qaf table, 3:13 has 570 th Qaf letter. In this verse, there is 245 th word of GOD. GOD shall support His Messenger and the believers for the year 2014 which shall be Victorious Year by GOD's will.

$$17393 + 178 + 1999 + 570 = 20140 (19 \times 1060) (2014 \times 10)$$

10 th odd number is number 19 which is revealed in 1974 and 2014 shall be the 40 th year of it. The age of 40 is maturity year and it is placed in 46:15.

$$4615 + 40 = 4655 (19 \times 245)$$

$$4615 + 40 + 2014 + 570 = 7239 (19 \times 381)$$

3:81 is the verse where the 666 th letter Qaf is placed at the word of "misak", Covenant.

In the pic below, if one looks at χξς which is Greek for 666, and turn it sideways, one sees what is translated as "Bismillah," or "in the name of Allah." Look right at the script in gold, not the round object. Focus on the UUU part. Muslims will recognize this right away, because it is also Arabic. Note the X or cross swords is also a sign for Islam.

Praise be to GOD, Most High, be Glorified!

Update! After my having written "The Big Issue" regarding the actual size of earth we can all see how the numbers affixed to distances related to the earth, sun, moon and etc. were fabricated by the jewish vatican, NASA and other satanic kike organizations to fit with the rest of our 666 world. 666 is still veritably at the heart of mathematics and geometry but we have to assume that anything we can't readily verify for ourselves could just be another example of mocking and deception.
